3	MAYOR SCARPELLI: Madam Clerk?
4	THE CLERK: Board of Commissioners Public
5	Meeting Wednesday, November 7, 2018. The time is 7:05.
6	Pursuant to the requirements of the Open Public Meeting
7	Act, Chapter 231, public law in 1975, notice of this
8	meeting was published in a December 14th, 2017, issue
9	of the Nutley Sun, the Herald News, and the Star
10	Ledger. A copy of this notice has been posted on the
11	Nutley town hall bulletin board and a copy is on file
12	in the municipal clerk's office.
13	Commissioner Rogers is absent, excused.
14	Commissioner Tucci?
15	COMMISSIONER TUCCI: Here.
16	THE CLERK: Commissioner Evans?
17	COMMISSIONER EVANS: Here.
18	THE CLERK: Commissioner Petracco?
19	COMMISSIONER PETRACCO: Here.
20	THE CLERK: Mayor Scarpelli?
21	MAYOR SCARPELLI: Here.
22	THE CLERK: All present, Mayor, except for
23	Commissioner Rogers. He is absent, excused this
24	evening.
25	MAYOR SCARPELLI: Commissioner Tucci, what do

- 1 you have on the agenda?
- 2 COMMISSIONER TUCCI: So we really are going
- 3 the other way? Okay. We're supposed to start with
- 4 Rogers. He's not here. What do I have? Let's see. I
- 5 have a Shade Tree report for the month of October and I
- 6 have several resolutions.
- 7 One is to accept an offer from Marczaks, Inc.
- 8 for some surplus equipment, for vehicles, old vehicles,
- 9 one for \$900, the other one is for \$1,120.
- I have an award of a contract through a fair
- and open process for specialized professional services
- 12 for a risk manager. You can cross that off your list,
- 13 Madam Clerk.
- 14 THE CLERK: I just saw it.
- 15 COMMISSIONER TUCCI: All right, for C. Walter
- 16 Searle, Franklin Avenue and Nutley, for January 1, '19
- 17 through December 31st, 2020.
- 18 I have award of a contract through a fair and
- 19 open process for specialized services for insurance
- 20 accident and safety review, again to Walter Searle,
- 21 Franklin Avenue, not to exceed \$10,000. Same dates,
- 22 January 1, '19 to December 31st '19.
- I have award of a contract to Princeton
- 24 Hosted Solutions for our analog copper telephone line
- 25 through existing alarm system and fax lines from

September 1, '18 through June 30th, 2020 for a total of 1 \$47,952. 2 And we have an authorization for an amendment 3 to a three-year contract with Strategic Products and 4 5 Services to reflect new ownership by Converge One, Inc. effective November 6th. This is basically an 6 7 assignment they were sold, so I just want to have a 8 little paper trail. 9 COMMISSIONER PETRACCO: There's just one On 253-18, I think it's a one-year 10 correction. contract, right, December 31, '19 to, January 1 through 11 December 31? I just checked with Frank and 12 (indiscernible). 13 MR. DE MAIO: Yes, I think it should be. 14 COMMISSIONER PETRACCO: Just to correct the 15 16 typo. COMMISSIONER TUCCI: 17 Yes. It's usually an 18 annual contract with the option to --19 COMMISSIONER TUCCI: Yeah, with the option to 20 extend. Right. 21 COMMISSIONER TUCCI: -- to renew, yes. 22 COMMISSIONER PETRACCO: So it's a one-year 23 contract? 24 COMMISSIONER TUCCI: Yes. Yes, sir. 25 COMMISSIONER PETRACCO: Just wanted to make

```
1
    sure.
              COMMISSIONER TUCCI:
                                    Thank you. Nice catch,
2
    Frank.
3
              MAYOR SCARPELLI:
                                 That's all you have,
4
    Commissioner?
5
              COMMISSIONER TUCCI:
                                    Yes, that's all I have.
6
7
              MAYOR SCARPELLI: Commissioner Rogers has two
8
    resolutions on. One is the World Diabetes Day, and one
9
    is authorize for a budget transfer, $25,000.
          (Board members have discussion regarding dinner)
10
11
              MAYOR SCARPELLI: Commissioner Evans.
              COMMISSIONER EVANS:
12
                                    I have an ordinance
13
    introduction which is regarding pay-to-play.
                                                    It's no
    different than the pay-to-play rules we follow under
14
15
    the state statute.
                         The only thing is that is a
    follow-up, in order to get them state aid, the DCA is
16
    requiring us to have their -- the ordinance at least at
17
18
    the state level on our local books.
                                          So basically it's
    (indiscernible) compliance procedure to be in line with
19
    what they're requiring in order for us to have our
20
21
    state aid released for $4.1 million.
              COMMISSIONER TUCCI: If, in the absence of us
22
23
    having our own pay-to-play ordinance, though, doesn't
24
    -- don't we revert to the state ordinance?
25
              COMMISSIONER EVANS:
                                    Exactly. And this is
```

the same thing that the state is wanting, municipalities 1 to have the ordinance on their local 2 So because, if we want, locally we have the 3 books. ability to actually enact something stricter. 4 But as long as it's at a minimum, it's following the state 5 statute. 6 7 COMMISSIONER PETRACCO: And what is this? Is this the minimum or it's the state --8 9 COMMISSIONER EVANS: Yeah, it's the state 10 statute. 11 COMMISSIONER TUCCI: I am totally in favor of this, but I would like to see, with some of the 12 surrounding communities, what they have on the books. 13 If we introduce, will that satisfy them to release our 14 15 money? 16 COMMISSIONER EVANS: That's where we're 17 going. 18 COMMISSIONER TUCCI: Okay. I'm with you 19 then --20 COMMISSIONER EVANS: We're listening. 21 COMMISSIONER TUCCI: -- for introduction. 22 COMMISSIONER EVANS: We're listening. 23 COMMISSIONER TUCCI: Right. 24 COMMISSIONER EVANS: We're listening, and I 25 want to see if anybody else is going to comply with the

	•
1	COMMISSIONER EVANS: God, no, absolutely.
2	COMMISIONER TUCCI: Okay.
3	COMMISSIONER EVANS: We'll doing the
4	homework. I've just got to start the process.
5	COMMISSIONER TUCCI: Okay.
6	COMMISSIONER EVANS: All right. So the only
7	thing that I want to be able to say to them, yep,
8	because they called me today and wanted to know if we
9	were following through. And I said, yeah, it'll be on
10	the agenda tonight. We're going to introduce.
11	COMISSIONER TUCCI: And we're going to
12	introduce.
13	COMMISSIONER EVANS: Which is all I said.
14	COMMISSIONER TUCCI: Good.
15	MAYOR SCARPELLI: There you go.
16	COMMISSIONER EVANS: I also have
17	COMMISSIONER TUCCI: And that was the truth.
18	COMMISSIONER EVANS: Yeah, exactly. No, no,
19	seriously. We are we're introducing tonight.
20	The and she couldn't the person I spoke to
21	couldn't tell me what other municipalities and put it
22	on the books, so they but since they awarded the
23	calendar year through the (indiscernible) so late,
24	they're just getting caught up on it now.
25	MAYOR SCARPELLI: Yeah.

COMMISSIONER EVANS: So it just is what it is.

I have five resolutions as well. The first is for a request for proposals for bank services. We haven't actually gone out and surveyed our banks in a while, so we're going to update our service request and see what's out there.

The second is a change order regarding

Inglesino regarding our Special Development Council.

It's our first change order to -- and it's an increase of \$15,000.

I have a budget transfer for \$35,000, and I have two refunds of overpayments, one overpayment of taxes, the other is the release of a guaranty for Richard Williams at the medical school, and the work's been performed and we can release the funds.

That's all I have right now.

MAYOR SCARPELLI: Commissioner, on the banking services, I happened to be at a freeholder meeting about six months ago, and they had a bank in, and boy did they press them on what they were doing with their community service dollars and how they were spending them in the community, and also what they were doing to help people in foreclosure, to keep them out of foreclosure. And they pressed them pretty hard and

```
the bank complied. So I think there's opportunities
1
    there for -- you know, for us to figure out how they do
2
    -- you know, I know that they support different things
3
    with $500 here or $500 there, but there seems like
4
    there's a bigger pool of money for the community to
5
    benefit from.
6
7
              COMMISSIONER EVANS:
                                    I agree.
                                              It's actually
    in the proposal. We asked them to summarize what
8
9
    they're supporting so that we can read it.
              MAYOR SCARPELLI:
10
                                Very good.
11
              COMMISSIONER TUCCI:
                                    That's two years.
12
              THE CLERK:
                          Right.
              COMMISSIONER TUCCI: That should only be one
13
    with an option to --
14
15
              MAYOR SCARPELLI: Commissioner Petracco?
16
              COMMISSIONER PETRACCO: Yeah, I have a couple
    resolutions for these abandoned properties. They're
17
18
    live auctions. One is December 11, 2018 at Nicolette
              The second one is at Twin Towing on
19
20
    December 11th. And then I have a budget transfer of
21
    $200,000. And I need a short executive meeting to
    regarding personnel. I think that'll cover it.
22
23
              UNIDENTIFIED:
                              Yeah.
24
              COMMISSIONER PETRACCO: Okay.
                                              Then that's
    all I have.
25
```

1	MAYOR SCARPELLI: All right. I have a
2	monthly progress report reports. I have
3	introduction of two ordinances on behalf of the Board
4	of Commissioners. One is to on the custodial of
5	records, and the other is amending the fees that we
6	charge.
7	COMMISSIONER PETRACCO: You know, just real
8	quick on that one, is that the one with the Chief of
9	Police?
10	MAYOR SCARPELLI: The first one.
11	COMMISSIONER PETRACCO: The custodial, that's
12	the first one that you did here?
13	MAYOR SCARPELLI: Yeah.
14	COMMISSIONER PETRACCO: What this is the
15	first time I actually saw the agenda tonight because I
16	didn't have time today.
17	MAYOR SCARPELLI: My understanding is that
18	MR. GENITEMPO: I can explain it if you want.
19	MAYOR SCARPELLI: Sure.
20	MR. GENITEMPO: If you don't mind. So we had
21	a meeting a couple weeks ago with the clerk, with
22	Chief, with the captain, and with Justin Marchetta
23	of from Inglesino's office. We were going
24	over the open issues. And Justin had recommended these
25	two ordinances, one, because the police have such a

1	document production function that we have to designate
2	one person as the custodian, but we can designate a
3	deputy so that the chief or his assignee, whoever he
4	wants to do it, has the authority then to respond to
5	those requests from the department. And
6	COMMISSIONER PETRACCO: Do what and OPRA
7	request or
8	MR. GENITEMPO: Yeah, an OPRA request because
9	or document requests which they get a significant
10	amount. But it doesn't make sense every time someone
11	wants a report, to come through the clerk's office.
12	So he suggested introducing this ordinance to
13	give the chief the authority to be the deputy. But
14	ultimately the responsibility is Eleni's, so he
15	has to report to her every month about what he's doing
16	so that this information in the report
17	COMMISSIONER PETRACCO: Before he releases
18	information or
19	MR. GENITEMPO: No. No. He has the
20	authority to do that.
21	COMMISSIONER PETRACCO: Okay.
22	MR. GENITEMPO: But just in terms of
23	reporting to the clerk what he's doing so that she's
24	aware. She's the custodian.
25	COMMISSIONER PETRACCO: Okay.

1	MR. GENITEMPO: It's really more of a
2	reporting thing, but and the chief thought it was a
3	great idea because he's kind of caught in the middle
4	sometimes, and we think it's a better way to deal with
5	it, to clarify it.
6	COMMISSIONER PETRACCO: Okay, good.
7	MR. GENITEMPO: So we had a discussion about
8	that (indiscernible).
9	COMMISSIONER TUCCI: Should it be the chief
10	or the commissioner?
11	MR. GENITEMPO: Well, the day-to-day person
12	who's handling the documents, sort of like the clerk,
13	but over in the police department, because they really
14	get a huge amount of requests. And sometimes they come
15	here.
16	COMMISSIONER TUCCI: Right.
17	MR. GENITEMPO: We log them in. Every one
18	gets a number. That same thing's going to happen over
19	there, but the clerk will be able to log it in once
20	Tommy advised them I got these requests and they
21	respond to them, just a note, and she can make sure
22	they get logged. Right? I think I'm explaining that.
23	THE CLERK: That's correct.
24	MR. GENITEMPO: So it's a way to make sure
25	we're not things aren't falling into cracks, which

- we were having a little bit of an issue with. 1 So this is what he's saying --2 COMMISSIONER TUCCI: You know, I asked that 3 question because in our department, it's either handled 4 by Frank or Chrissy or one of the other ladies. 5 MR. GENITEMPO: A different issue. A 6 7 different issue because they're not supposed to be 8 responding to OPRA because we had a discussion about 9 that. COMMISSIONER TUCCI: Oh, I know, but they 10 11 supply the information to her. Right. 12 MR. GENITEMPO: That's --COMMISSIONER TUCCI: And as long as they 13 know, I'm kept in the loop. 14 15 MR. GENITEMPO: Correct. But they're not out 16 of the loop. 17 COMMISSIONER TUCCI: Right. 18 MR. GENITEMPO: They're not out of the loop. 19
 - MR. GENITEMPO: They're not out of the loop.
 They're still going to be responsible for their
 department's documents. But this is in terms of the
 separate problem the police department has relative to
 documents, because they get inundated. This is not the
 same as what every other department gets for OPRA
 requests. Usually you'll get your OPRA requests
 through Eleni. It comes here and then she'll send it

20

21

22

23

24

25

to your department. She can log it and keep track of 1 it, and then she refers it to your department head, 2 who's then responsible for responding. 3 This is a little bit different because the 4 5 requests go directly to the police department, and we need to be able to give him authority to handle them 6 7 yet keep the clerk alert as --8 COMMISSIONER PETRACCO: Is this like police 9 reports and stuff like that? COMMISSIONER TUCCI: Why is that though? 10 11 wouldn't they all go through her? MR. GENITEMPO: Because there's a different 12 -- under the state statute regarding police reports and 13 documents and things --14 15 COMMISSIONER TUCCI: Right. MR. GENITEMPO: -- they really should be 16 handling this OPRA request. But it's kind of like a 17 18 hybrid, and so, you know, just --19 COMMISSIONER EVANS: Is that because of 20 confidenitality? 21 Not necessarily, just in MR. GENITEMPO: terms of it's a public document and is it subject to 22 OPRA or is it not. Sometimes we have issues where we 23 24 shouldn't release things. 25 COMMISSIONER TUCCI: I mean, it's --

1	MR. GENITEMPO: If it's a minor or a juvenile
2	information, if it's a report, we can't release it.
3	So, you know, we want to be able to coordinate and work
4	together to make sure we're not violating that
5	exception to the OPRA statute.
6	So this gives us kind of gives the chief
7	it actually gives him authority. It doesn't take it
8	away. And it just requires that he communicate with
9	the clerk with what he's doing. So the chief, Chief
10	Strumolo, thought it was a good idea. He liked the
11	idea, and so that's why we put it out there.
12	And the other one is just fees.
13	COMMISSIONER PETRACCO: And this is for the
14	introduction, right?
15	UNIDENTIFIED: Yes.
16	COMMISSIONER PETRACCO: Okay.
17	MR. GENITEMPO: Yes, it's for introduction.
18	And the other one is fees. You know, we want to be
19	sure that we're at the current fee rate that's set by
20	statue. So we're just updating and putting that into
21	the ordinance so we can if there are fees to be
22	charged for OPRA requests, we can charge the current
23	allowable fees.
24	COMMISSIONER PETRACCO: So just so I
25	understand how this is going to work, I mean, our

chief, is he trained in OPRA?

MR. GENITEMPO: Well --

COMMISSIONER PETRACCO: I mean, because the only own question that I have, and why I hesitate to even introduce this tonight is that if he's going to release the documents before and just kind of give her a report at the end of them month, I could understand it more if she's our OPRA point person -- you know, she's trained in OPRA -- that he could say, okay, yeah, you know, we're going to release these documents, but --

MR. GENITEMPO: Well, the answer is he is trained. Okay? And, you know, we tried to develop the process internally so we could handle the problems, the ones that are difficult. Some of them -- most of them are just general mundane requests. And that's where things get bogged down. So we don't want to -- we want to give him the authority to deal with it.

Anything complicated, the chief's always calling me or the clerk, and we collaborate on -- and Justin, too, from Inglesino's office. He's an expert. So it's actually been working pretty well. I think it's been really much more efficient and we're much more sure of ourselves in terms of how we can handle it.

You know, if you want to introduce it, we can

discuss it and if there's any other questions, we can 1 absolutely sit down with the chief, if you want. 2 COMMISSIONER EVANS: And so the procedure's 3 already in place. 4 5 (Simultaneously speaking) MR. GENITEMPO: Pretty much, yeah. We've 6 7 been --COMMISSIONER EVANS: It seems like this is 8 9 putting it --10 MR. GENITEMPO: Right. 11 COMMISSIONER EVANS: Memorializing it. MR. GENITEMPO: And the second one is the 12 13 fees. That's just, you know, what we need to clean up our coordinates on that. 14 15 COMMISSIONER TUCCI: So let me understand 16 We have the clerk, obviously, who does the OPRA requests. We have the chief, who's the backup, for 17 18 lack of a better term. And then we have this Justin person from Inglesino's office doing OPRAs? 19 20 MR. GENITEMPO: No, he's not -- no, he's just 21 handling some legal questions for us on occasion because some of them -- you know, I don't deal with 22 23 OPRA every day. He's a -- he does OPRA all the time. 24 So we've collaborated with him on some He's an expert. 25 of the issues. He's very knowledgeable. So he's kind

of helped us kind of straighten out. And he said we 1 haven't designated a custodian, which we should do. 2 That's what the ordinance should really do. 3 COMMISSIONER TUCCI: 4 Right. 5 MR. GENITEMPO: The second part of the ordinance is to just name the chief as --6 7 COMMISSIONER TUCCI: Did we retain him to do 8 that? I know we retained him for development, you know, 9 issues and things like that and to deal with COAH, but this one's a little new me. 10 11 COMMISSIONER EVANS: It's been -- he's been -- mostly OPRA requests revolving around Roche, 12 Hoffmann-LaRoche, which is consistent with what they've 13 been retained to do. But I'm looking at how we expand 14 15 that as we go forward. So the answer is overall, he's part of the existing agreement with Inglesino's office 16 as special counsel related to Roche because that's 17 18 where some of these questions have come up. But it may expand into some of these other areas, which, then I 19 20 would have to do a resolution. 21 MR. GENITEMPO: Yeah. ELeni and I are still 22 dealing with it, but it's just a matter -- he's been 23 very helpful to us in the last couple times, very, very 24 helpful. So I don't know if it's going to continue or

whether we're going to need to continue or not, but

25

just from that short term, he's been very good. And a 1 lot of those issues are really --2 COMMISSIONER PETRACCO: Justin's excellent. 3 I've worked with him, and he's --4 5 MR. GENITEMPO: Yeah, I think you met him. COMMISSIONER PETRACCO: I have met him and 6 7 he's very good. 8 MR. GENITEMPO: So that's --9 COMMISSIONER PETRACCO: The only thing -- the only question that I have is like, I mean, are we going 10 to start doing this like in every department or just --11 12 COMMISSIONER EVANS: No. COMMISSIONER PETRACCO: Why could -- so in 13 other words, Public Safety is the department that gets 14 15 the most OPRA requests or because of the records and 16 all that or --17 MR. GENITEMPO: We get the most -- the clerk 18 gets the most OPRA requests, but it's a special problem for the police. 19 MADAM CLERK: They're different kinds of 20 21 records. MR. GENITEMPO: Yeah, they're different kinds 22 23 of records. It's more like police-related records. 24 I'll give you a different example. We got an OPRA 25 request here for a copy of their SWAT response

- 21 They're not producing, right. 1 policy/procedure. a safety issue. 2 (Simultaneously speaking) 3 MR. GENITEMPO: Do you understand? 4 So 5 obviously that's not the kind that he would. This was dealt with here with; we collaborated, we came up with 6 7 a decision, and we couldn't produce it. 8 So those are unusual requests. That actually 9 came here first. MADAM CLERK: First. 10 11 MR. GENITEMPO: Normal procedure is it comes here and we send it to the department heads. But in 12 the situation the police records, there are so many 13 requests: CAD reports, police reports, you know, all 14 15 kinds of discovery. And so he felt it streamlines it; it's make it a more efficient policy. 16 So I can -- if you want to have him here next 17 18 time, I could have him maybe explain it if there's anything else that it's related to. You want to meet 19 20 in between? 21 COMMISSIONER PETRACCO: Well, I'll talk to 22 him tomorrow about it.
- 25 COMMISSIONER PETRACCO: I just wanted to make

MR. GENITEMPO:

(indiscernible).

23

24

Okay.

You can

sure that the information that we're giving out, 1 because a lot of times it has to be -- deals with 2 3 juveniles. MR. GENITEMPO: Yeah, no. 4 COMMISSIONER PETRACCO: I had a mother call 5 me up, a friend of a friend, and, you know, and I 6 7 talked to you about that, Eleni, that her son was 8 getting calls from a lawyer because he was in an 9 accident. How did they get -- he was underage, how did he get the number, all that stuff, so I know it gets 10 11 kind of complicated. And I just want to make sure our chief has the time to --12 That's a little different. 13 MR. GENITEMPO: COMMISSIONER PETRACCO: -- and I want to make 14 15 sure that it's the chief and not somebody that he's 16 going to appoint to do that. MR. GENITEMPO: Well, that's why we want to 17 18 -- we want to put him in charge of it, so he can designate, in his department, who he wants to handle 19 20 it. 21 COMMISSIONER PETRACCO: Well, that's what -that's where -- that's what I have a little issue with, 22 23 to be honest with you. That's why --24 MADAM CLERK: Al, that's the company who buys

the accident --

25

```
1
              MR. GENITEMPO: Yeah, there's a company that
    buys accident reports and sends out --
2
              MADAM CLERK: Yeah, that's --
3
              COMMISSIONER PETRACCO: No, I remember.
4
                                                        Ι
5
    remember.
              MR. GENITEMPO: That's not violation of
6
7
    confidentiality or --
8
              COMMISSIONER PETRACCO:
                                       I just want to be
9
    certain that we're releasing the information,
    especially when it comes, you know, with these acts and
10
    incidents, juveniles and all that stuff, so it's
11
12
    important.
              MR. GENITEMPO: Well, we've denied some
13
    records because of the -- they're juvenile records.
14
15
    So, you know, we're aware of that. And the chief's
    well trained on it. He's been trained on it.
16
              COMMISSIONER PETRACCO:
17
                                       Okav.
18
              MAYOR SCARPELLI: Continuing, I have two on
    the agenda, two public hearings that were scheduled for
19
              The first one is density ordinance.
20
    tonight.
21
    meeting with the two planners in trying to resolve some
    of the issues with what the Planning Board recommended
22
23
    and trying to get them into the ordinance in a cohesive
24
    way that's not conflicting with some other parts of the
25
    ordinance.
                It's getting a little complicated, but I
```

```
think that we'll get it down a little bit better.
1
    so we just need a little bit more time. And I know the
2
    commissioners have given Alan some comments too.
3
                                                       So I
    think we're going to table that and re-introduce.
4
5
              COMMISSIONER EVANS:
                                    Joe, are we still
    planning on having the planner come here to --
6
7
              MAYOR SCARPELLI: Come here, yes, to explain.
8
    But gave him the ordinance to look at and had a
9
    discussion around -- and it was actually a good
    discussion with Paul and with Phil Abramson and, you
10
    know, just getting their -- how we should word it in a
11
    more cohesive manner because I think some of the
12
    narrative that the Planning Board put in made it more
13
    confusing than simple. So we need to make it more
14
15
    simple so it's understandable and so that something
    written doesn't conflict with something else that's in
16
    the schedule in another zone. So there were many
17
18
    conflicts that they pointed out as we were going
    through it. So I think, you know, before --
19
20
              COMMISSIONER PETRACCO:
                                       That's a good idea
21
    to --
22
         (Simultaneously speaking)
23
              MAYOR SCARPELLI: Yeah, we'll have him in
24
    here to explain, absolutely.
                                    Yeah, because I'm not
25
              COMMISSIONER TUCCI:
```

```
comfortable voting on this without --
1
              MAYOR SCARPELLI: Oh, no -- and, listen, I
2
    could tell you some -- some of the things they do agree
3
    on is the 28 units, they're pretty much in agreement
4
           The 70/30 --
5
    with.
              COMMISSIONER TUCCI:
                                    The number of bedrooms?
6
7
              MAYOR SCARPELLI: The 70/30, not so --
8
    they're not in agreement with that.
9
              COMMISSIONER EVANS:
                                    And how do we get side
    yards on Franklin Avenue?
10
11
              COMMISSIONER TUCCI:
                                    Wow, that's a -- yeah.
12
              MAYOR SCARPELLI: That's the biggest --
13
    listen, the biggest issue was all the setbacks and the
    bulk requirements. They were all explained narratively
14
15
    and they really should be in numbers, and just so we
    made clear and that -- so that they don't conflict with
16
    the other numbers. The other was a --
17
18
              COMMISSIONER EVANS: Yeah, there's a
    (indiscernible) they're going to make almost every
19
20
    building on Franklin Avenue a non-conforming use.
21
              MAYOR SCARPELLI: The size of the one-bedroom
22
    apartment at 950, they both felt was a little large.
23
              COMMISSIONER EVANS:
                                    Well, good.
24
              MAYOR SCARPELLI: And it is a little large.
                                    Well, that's -- there's
25
              COMMISSIONER EVANS:
```

```
1
    another one.
              MAYOR SCARPELLI: So that's some of the
2
3
    things that we still have to parse out.
              COMMISSIONER EVANS:
                                    Good.
                                           So they're going
4
5
    to --
              MAYOR SCARPELLI:
                                 They'll put it into some
6
7
    sort of form that makes sense and then we'll come back
8
    here. We'll reintroduce it and have them explain it.
9
              MR. GENITEMPO: We'll get it to you
    beforehand so you can --
10
              MAYOR SCARPELLI:
11
                                 Yeah, absolutely.
12
              COMMISSIONER TUCCI:
                                    Right, okay.
13
              COMMISSIONER EVANS:
                                    That would be great.
              MAYOR SCARPELLI: And then the water
14
15
    ordinance I'm going to move to that public hearing, to
    the next meeting. Commissioner Tucci met with some of
16
    the staff of the DPW. I think they're going to be de
17
18
    minimis changes, but we'll get them to Alan just to
    make sure, and hopefully we can have a public hearing
19
20
    on those.
21
              COMMISSIONER TUCCI:
                                    And they were both --
22
    Sal and Niko were both very good.
                                        They clarified a lot
23
    of the questions that I had and I think our discussion
24
    centered around making it a lot clearer so that there
25
    weren't gray areas that were subject to interpretation.
```

1	COMMISSIONER PETRACCO: I just have a quick
2	question, Mr. Mayor, when you do this. I know that
3	like about a fee like there's \$3 per household, all
4	that stuff. What they do, like, with the why
5	wouldn't you just build that into the water rate? Why
6	do we have to do it that way? And what do they do in
7	other towns?
8	MAYOR SCARPELLI: I don't know what they do
9	in other towns. I know that there are maintenance fees
10	in other towns, but what we found right in this last
11	year, is that we have fixed costs and when our
12	consumption comes down, we come up short. Now, we
13	could build that into that rate, but I think that this
14	is if we can allocate what our fixed costs are and
15	what that maintenance fee is going to cover, I figured
16	that leaves that fluctuation out when we do have a
17	decrease in consumption, where we're short revenue.
18	COMMISSIONER EVANS: So just so I'm clear,
19	under our water contracts, we contract for a certain
20	amount of water at a certain rate and we have to pay
21	that. Yeah. And whatever that contract use is,
22	whether we use it or not, we have to pay that.
23	MAYOR SCARPELLI: Right.
24	COMMISSIONER EVANS: But then when you
25	actually measure how you know, metering how much

```
water is being used, if it's less than that, we're
1
    collecting less revenue against that fixed cost.
2
3
              MAYOR SCARPELLI:
                                 Right.
              COMMISSIONER EVANS:
                                    So if we pay out a
4
5
    dollar and the usage is 75 cents, we're short 25 cents.
    Is that --
6
7
              MAYOR SCARPELLI:
                                 Pretty much it.
8
              COMMISSIONER EVANS:
                                    All right. Just want to
9
    be clear.
              COMMISSIONER TUCCI:
                                    What we also discussed
10
    was, I asked them if they could go back three years,
11
    all right, because there's a certain amount that we've
12
13
    been charging people to make different repairs,
    according to them. So I said, well, let's find out
14
15
    what that number is, all right, to make sure that that
    $3 or whatever that number -- whether that's an
16
17
    appropriate number.
18
              MAYOR SCARPELLI: So what is also does too,
    is, besides that -- and they -- what is happening is
19
    that the consumer -- we won't call them "taxpayer" --
20
21
    consumer is responsible from the main to the house.
    And what we're going to do is we're going to clarify
22
23
    that with that $3 surcharge, is that now the Township's
24
    going to be responsible to the curb line.
25
              And one of the -- when this was originally
```

proposed, one of the things that we wanted to do is those that have lead lines and stuff, we wanted to have the ability to go in there and change them. If the consumer is responsible, they may be hesitant, even though there's a lead line, to spend the money to replace that line. So it's definitely -- it could decrease the water quality going into the consumer's house. So why leave that on them? You know, let's take that over and be proactive.

COMMISSIONER EVANS: I had to do that twice (indiscernible).

MAYOR SCARPELLI: So there's a lot of things.

And I'll explain it more when we get to that point.

a baseline as to what our expenses are and what they need to be moving forward because this is not -- the way it was explained, this is not just a revenue grab, you know, to try and build up a little pot of money to be used, you know, in the water department. It's just to cover those costs because the way it is now -- and I know that the ordinances, going back, needed a lot of clarification because there were many, many gray areas. And right now from the main to the curb stop, which is the shutoff, all right, if someone has an issue there, they have the exposure of being charged for that. And

```
we have no way of recouping any of that money.
1
               So that's part of the reason why this
2
    ordinance is necessary. All right? But again we only
3
    want to raise -- and correct me if I'm wrong, Mayor --
4
5
    we only want to raise what's absolutely necessary, all
    right, because we're not looking to be overly zealous
6
7
    in collecting the water bills.
8
              MAYOR SCARPELLI: Realizing we have 350,000
9
    shortfall.
              COMMISSIONER TUCCI:
10
                                    Yes.
              COMMISSIONER EVANS:
                                    But it does -- yes,
11
    which if we had included it in the property tax
12
    increase, yes, we could have avoided it. Does it -- it
13
    still only addresses the commercial rates?
14
15
              MAYOR SCARPELLI: Yeah, the different, yes,
    for different size --
16
              COMMISSIONER EVANS:
17
                                    Right.
18
              MAYOR SCARPELLI:
                                -- water meters --
              COMMISSIONER EVANS:
                                    Right, right.
19
20
              MAYOR SCARPELLI:
                                -- different charges.
21
              COMMISSIONER TUCCI:
                                    And the charges, they're
22
    going to also specify the charges, the things that
    we're going to, "we" being the water department, and
23
24
    what we're going to charge people who have it done by
25
    outside contractors, by non-Nutley employees.
                                                     All
```

Then there are other expenses, road opening 1 right? permits and things like that of that nature that need 2 to factor into that. 3 COMMISSIONER EVANS: Yeah, that's good. 4 5 MAYOR SCARPELLI: And included in that, 6 there'll be no -- right now we charge to shut off. 7 There will be no charge to shut off. 8 COMMISSIONER TUCCI: Right. I was very happy 9 to see a lot of those initial charges, you know, 10 were --11 MAYOR SCARPELLI: Yeah, and then -- yeah, and anything -- then anything new, that's new construction, 12 13 that's -- then they'll be charged. It's a different 14 story. 15 COMMISSIONER EVANS: Just so it's clear, you know, we've had a cooler summer. You know, 16 17 consumption, revenue, you know --18 MAYOR SCARPELLI: And rain, Commissioner. Don't forget the rain. 19 20 COMMISSIONER EVANS: And rain. Rain, right? 21 COMMISSIONER TUCCI: We're all praying for a 22 very hot summer. 23 COMMISSIONER EVANS: Right. Right. 24 COMMISSIONER TUCCI: With very little rain. For a lot of reasons. 25

1	COMMISSIONER EVANS: Right. But you know,
2	Commissioner, you've done a lot to address the costs in
3	the water utility and I'm just saying is that we had
4	it included in the property tax increase, the shortfall
5	in the water utility this year. I'd like not to do
6	that next year.
7	COMMISSIONER TUCCI: Me too.
8	COMMISSIONER EVANS: So it's important I
9	think we get these set.
10	MAYOR SCARPELLI: Right. So on to
11	resolutions. I have
12	COMMISSIONER EVANS: Respectfully.
13	MAYOR SCARPELLI: municipal parking permit
14	refund. I have authorization for various raffle
15	licenses. I have a resolution to adopt the employee
16	handbook. And
17	COMMISSIONER PETRACCO: Is my handbook we're
18	talking about? Okay.
19	MR. GENITEMPO: I didn't put your name on it,
20	but yes, you are the sort of the genesis behind it.
21	COMMISSIONER PETRACCO: Just curious when I
22	saw it.
23	(Simultaneous speaking)
24	MR. GENITEMPO: I spoke to the
25	COMMISSIONER PETRACCO: I'll defer to the

```
1
    mayor.
              MR. GENITEMPO:
                               May I say something?
2
              MAYOR SCARPELLI:
3
                                 Yeah. You're the attorney.
              MR. GENITEMPO:
                               I didn't want to interrupt
4
5
    you.
              COMMISSIONER EVANS:
6
                                    No, you can't have
7
    (indiscernible).
8
              MR. GENITEMPO:
                               This is --
9
          (Simultaneous speaking)
              MR. GENITEMPO: -- or, you know, this is, you
10
11
    know, from the mouth, for the most part, the two
    handbooks, one for supervisors, one for employees.
12
                                                          So
    it did take a lot of time to mold it to our particular
13
    requirements, but I know some of the commissioners want
14
15
    to have a chance to read it a little closer.
    there's drafts in your handbooks.
16
                                        I had emailed them
    to you, I don't know, probably two weeks ago.
17
                                                    There's
18
    been some very minor changes here to comply with best
    practices in one of the areas. But for the most part,
19
    you know, let me know if you have any other comments;
20
21
    I'll make them.
                      I don't know if you want to hold off
    until the next meeting and have a chance to look at it,
22
23
    but the treasurer and the clerk and I have gone through
24
    and we made some changes resulting from that, which you
    have in the handbook.
25
```

```
But it's pretty thorough and it's going to
1
    meet the requirements of the MEL and JIF --
2
3
              MAYOR SCARPELLI: Do we have any time
    constraints on this?
4
              MR. GENITEMPO: No, I think if we can do it
5
    at the next meeting, we'll be fine.
6
7
              MR. PETRACCO:
                              I think by the end of the
8
    year, isn't it?
9
              MR. GENITEMPO: Yeah, and we want to try to
    distribute it by December 1st, so we've got to talk
10
    about how we're going to copy it and deal with it,
11
12
    but --
                                 So I'll pull it, then we'll
13
              MAYOR SCARPELLI:
    put it on the agenda for the next meeting. All right?
14
15
    Give everybody a chance to go through it.
16
              COMMISSIONER EVANS:
                                    Could we also just be
    clear and have what -- I'd like to understand, you
17
18
    know, better we agree on -- what's the plan on how
    we're going to release this to the employees and
19
    address questions because, obviously, there's changes
20
21
            There's a lot of updates to it and I think we
    should think about how -- what's the way we want to do
22
23
         Rather than just saying, here, sign it, right, is
    it.
24
    there something that -- something more that we need to
25
    do to help them better understand what's in the manual,
```

what the changes are in the manual, and what some of the expectations are that are associated --

COMMISSIONER EVANS: Yeah, exactly.

MR. GENITEMPO: Well, I mean --

COMMISSIONER EVANS: And I think Alan should prepare a slideshow that's (indiscernible).

(Simultaneous speaking)

Here's another thought, if MR. GENITEMPO: you want to think about it. I wanted to have a meeting with the department heads anyway because part -- one manual is really for them. But there's some changes in the law that we should really have a discussion about, sick leave policy just changed as of October 29th, that I think all your supervisors -- department heads and supervisors need to know about and need to know how to handle issues internal to their department. like to schedule a meeting so maybe either before or after the next meeting we could have -- I could sit with your department heads and go over everything with them and either they can distribute it or I can meet with each department separately, I just don't know how logistically that's going to work but we can do that and cover the whole thing.

```
But the -- I think the supervisors have got
1
    to be first.
2
              MAYOR SCARPELLI:
3
                                 Alan --
              COMMISSIONER EVANS:
                                    That make sense.
4
5
    (Indiscernible).
          (Simultaneous speaking)
6
7
              COMMISSIONER PETRACCO:
                                       I have it right here,
    but there is drug policies in there as well?
8
9
              MR. GENITEMPO:
                               Yeah.
              COMMISSIONER PETRACCO: And, I mean, because
10
    we just went -- well, I'm going through that with
11
    police and fire and all that stuff. And then who
12
    administrates it, what's the policy. I know it gets
13
    from, like, this (indiscernible) to bigger than --
14
15
              MR. GENITEMPO: Here's the problem with --
    from your department's, say from anybody in a
16
    collective bargaining agreement. That -- the
17
18
    requirements in the collective bargaining agreement
    supercede the handbook.
19
20
              COMMISSIONER PETRACCO:
                                       Okay.
21
              MR. GENITEMPO: Okay?
                                      To the extent they
22
    don't cover it in the collective bargaining agreement,
23
    then the handbook applies. So these are mandated
24
    policies by the MEL to give us coverage.
    So we don't have a lot of wiggle room in terms of
25
```

1	changing the language. It's what they want.
2	COMMISSIONER PETRACCO: So that's my
3	question. So if this policy is more stringent than
4	what they have negotiated in place, you know, I mean,
5	we were just going through how many panels of drug
6	testing to test for and what drugs are allowed and, you
7	know, medications and things like that, so it gets
8	complex. So I know in the police department, you know,
9	we have our internal affairs guy that administrates the
10	test and there's witnesses and all kinds of procedures
11	of how they do it and all that stuff, so, I mean, you
12	know, if you're going to it parks and rec, who's that
13	person, do they, you know
14	MR. GENITEMPO: And different from the police
15	is you have the attorney general guidelines that cover
16	a lot of that too, so your collective bargaining
17	agreement
18	COMMISSIONER PETRACCO: But not all of it.
19	MR. GENITEMPO: No, not all of it.
20	COMMISSIONER PETRACCO: Not all.
21	MR. GENITEMPO: But your collective
22	bargaining agreement and your attorney general
23	guidelines would supercede this document. And to the
24	extent this that it's not covered by this doc
25	in other words, to the extent your handbook or I'm

sorry, your collective bargaining agreement doesn't 1 address an area in the handbook, the handbook would 2 3 apply. Now, when it comes to overall drug policy 4 5 testing, your collective bargaining agreements are going to apply. If they're not discussed -- I'm not 6 7 sure about your agreement -- then this would apply. Ιt gives you the power to do exactly what you bargained. 8 9 We'll look at it and we can talk about it and we can --COMMISSIONER PETRACCO: Yeah, I'll look at 10 11 it. MR. GENITEMPO: -- talk about it and we 12 could, you know, at least go back and forth on the 13 contracts to see if there's anything you want to add. 14 15 But it's --COMMISSIONER PETRACCO: 16 On the contract, though, they're negotiable. That's my point. 17 18 MR. GENITEMPO: No, no. Your contract is set right now, so you have a contract. 19 20 COMMISSIONER PETRACCO: The fire is --21 MR. GENITEMPO: But you're exist -- you're 22 working off the existing contract. 23 COMMISSIONER PETRACCO: Right. 24 MR. GENITEMPO: If you want to do a new 25 contract, you could even implement the language that's

in here. 1 COMMISSIONER PETRACCO: 2 Okay. COMMISSIONER TUCCI: And we're also 3 investigating a human resources component that I know 4 we spoke about, you know, during the reorganization 5 back in '16, or because of budgetary reasons and other 6 7 issues, we really didn't move on, but it's something that we're investigating and looking at so that we will 8 9 have one point of contact so that everything is reconciled and everything is cohesive and we're 10 speaking with one voice. 11 MR. GENITEMPO: One of the problems with 12 doing this handbook, and why it was a little more 13 difficult, is our form of government. 14 15 MR. TUCCI: Yes. MR. GENITEMPO: So you'll see in each section 16 a requirement as to who gets reported to where, who has 17 18 responsibility for what, and it's different than in 19 most other towns. So you should look at that to see if it's what you really want to happen in your 20 21 departments, or gen -- it really should be town-wide. It can't -- you shouldn't do it in your department 22

differently than everybody else's department because

"When every word counts"

COMMISSIONER TUCCI:

23

24

25

you can --

Right.

Well, that's the

```
1
    purpose of --
              MR. GENITEMPO:
                               Yeah.
2
              COMMISSIONER TUCCI: -- investigating that --
3
    that whole component.
                           Right.
4
5
              MR. GENITEMPO:
                              But the way it is now, it's
    consistent, but you've got to tell me if that's really
6
7
    what you want to do, or if you're going to have a human
8
    resource person for the entire town, then we could
9
    change the language.
              COMMISSIONER EVANS:
                                    I think we need it for
10
11
    the entire town. I mean, one point person --
12
              MAYOR SCARPELLI: Well, we -- don't forget --
13
              COMMISSIONER EVANS: -- if we're going to do
    that.
           Don't you agree?
14
15
              COMMISSIONER TUCCI:
                                    Yeah, actually I do.
    But we need to reconcile that amongst ourselves so
16
    we're -- you know, we're not in conflict with anything
17
18
    that we're doing or anything that we're looking to do,
    you know, moving forward.
19
20
              MR. GENITEMPO:
                              Right.
                                       And this handbook can
21
    be amended at anytime at your own discretion.
    doesn't need to do anything but just a resolution
22
23
    adopting the change. So -- and you don't have to
24
    change the whole document. You can change one
```

provision and issue it to all employees. You don't

25

```
have to reprint the whole thing and send it out.
1
    you want to change a section, you can do that. All
2
            So we can pretty flexible that way.
3
    right?
                                                  Thank you.
              MAYOR SCARPELLI: One last thing.
4
5
    authorization of award for Tilcon for resurfacing of
    Highfield Lane.
6
7
              COMMISSIONER PETRACCO: Is it on public service,
8
    and I'm sure you know this, all the streets that
9
    they're doing on our west side, they're paving curb to
    curb?
10
11
              MAYOR SCARPELLI:
                                No.
                                      It will be negotiable
12
    the same way we did on the other side.
13
              COMMISSIONER PETRACCO:
                                       Negotiable? What's the
    criteria for them to do it, like with --
14
15
              MAYOR SCARPELLI:
                                 It's whatever they dug up.
              COMMISSIONER PETRACCO: No, but I'm saying like
16
    just it's a street that doesn't have nothing to do with
17
18
    (indiscernible).
              COMMISSIONER TUCCI:
                                    Land zone?
19
              COMMISSIONER PETRACCO:
                                       But I'm saying like
20
21
    where they made those little alleyways to lay that
    pipe, when they paved that, that's case closed or --
22
23
              MAYOR SCARPELLI:
                                 (Indiscernible) negotiable
24
    from crown to curb where they dug up on that side of
25
    the street.
                 If they dug up on both sides of the
```

```
street, then the whole street gets it. But there's
1
    credits.
              There's also (indiscernible). I mean, we did
2
    a pretty good job on the other side of town I think as
3
    far as getting everything done. Highfield Lane is one
4
    of those areas that they only did half, that we're
5
    going to do the other half because it looks horrible.
6
7
    I mean, it's falling apart on the other half, so it
8
    needs to be done.
9
              COMMISSIONER TUCCI:
                                    And they're a little
    tricky, too, because we tried to coordinate with them,
10
    you know, so when they were paving, instead of just
11
    doing half, doing the whole thing and --
12
13
              MAYOR SCARPELLI:
                                 Trading off, right.
              COMMISSIONER TUCCI:
                                    Right, exactly.
14
15
              MAYOR SCARPELLI:
                                 That's what I'm saying,
16
    it's --
              COMMISSIONER TUCCI:
                                    But it didn't quite work
17
18
    out.
19
              MAYOR SCARPELLI:
                                 Yeah.
                                        That's --
              COMMISSIONER TUCCI:
                                    The concept was good.
20
21
    The execution was a little lacking.
              MAYOR SCARPELLI: It's -- we did okay last
22
23
           We did okay that the person in public service
24
    said he got his -- the riot act read to him how -- what
25
    he did in Nutley, so that's a good thing for us.
```

	43
1	Madam Clerk, what do you have?
2	THE CLERK: Yes, Mayor. We have minutes for
3	September and October that need to be approved, and we
4	have a request to hold a Sunday raffle from the Nutley
5	Singers the Friends of Nutley Singers for March 10,
6	2019, and that's it.
7	MAYOR SCARPELLI: Mr. Genitempo?
8	MR. GENITEMPO: I have one potential
9	litigation issue in the executive session.
10	MAYOR SCARPELLI: All right. So let's have a
11	motion to go to the executive for personnel and
12	MR. GENITEMPO: Potential litigation.
13	COMMISSIONER PETRACCO: Move it.
14	MAYOR SCARPELLI: potential litigation.
15	Everybody, on your way out, grab a piece of pizza. I
16	don't know how long we're going to be here.
17	COMMISSIONER PETRACCO: Joe, you only touched
18	your pie.
19	MAYOR SCARPELLI: I know.
20	COMMISSIONER PETRACCO: Everybody grab a piece.
21	MAYOR SCARPELLI: Well, it's those are big pies.
22	THE CLERK: I just need a second.
23	MAYOR SCARPELLI: Those are big pies.
24	THE CLERK: No, no, I need a second.
25	MAYOR SCARPELLI: Motion.

1	COMMISSIONER TUCCI: Oh, a second. A second.
2	Okay.
3	THE CLERK: All right. Okay. Whereas,
4	Section 8 of the Open Public Meetings Act, Chapter 231
5	public law 1935 permits the exclusion of group for
6	meeting in certain circumstances;
7	And, whereas, the public body is of the
8	opinion that such circumstances exist;
9	And, whereas, the Board the Commissioners of
LO	the Township of Nutley, in the County of Essex, State
11	of New Jersey, desire to proceed to a closed executive
L2	session;
13	And now, therefore, be it resolved by the
L4	Board of Commissioners of the Township of Nutley to
15	move into closed executive session to discuss potential
16	litigation and personnel.
L 7	Be it further resolved that at a time when
18	such discussion may be disclosed to the public shall be
19	when and such disclosure may be made without adversely
20	affecting the Township of Nutley pending and/or
21	anticipated legal, personnel, contractual matters, and
22	other matters within the exceptions provided for by
23	statute.
24	Commissioner Tucci?
25	(Indiscernible crosstalk)

Conference Session

		45
1	THE CLERK: Commissioner Tucci?	
2	COMMISSIONER TUCCI: What do you need?	
3	MAYOR SCARPELLI: Aye.	
4	COMMISSIONER TUCCI: Aye.	
5	THE CLERK: Commissioner Evans?	
6	COMMISSIONER EVANS: Aye.	
7	THE CLERK: Commissioner Petracco?	
8	COMMISSIONER PETRACCO: Aye.	
9	THE CLERK: Mayor Scarpelli?	
10	MAYOR SCARPELLI: Aye.

9	MAYOR SCARPELLI: Public comment on agenda
10	items only, madam clerk?
11	THE CLERK: All persons addressing the Board
12	of Commissioners regarding community concern should
13	approach the microphone and provide their name and
14	address for the record. Unless further time is granted
15	by the Board, each person shall limit their address to
16	three minutes.
17	All remarks to the Board and its individual
18	members must be addressed to the Mayor. The Mayor may
19	defer citizens comments to the appropriate member of
20	the Board.
21	Dialogue between citizens and others
22	addressing the Board shall be allowed unless the Mayor
23	or presiding officer or the majority of the membership
24	of the Board shall determine that the interest of
25	decorum and/or the expeditious conduct of municipal

business are being adversely affected by such dialogue. 1 MR. MOORE: Rory Moore, of 462 Chestnut 2 3 Street. Mr. Scarpelli, I know you've put off the 4 5 density ordinance for this evening and that you wanted to review it. And I did have one question if it could 6 7 be reviewed. It doesn't have to be answered this 8 evening. It just -- it came up. 9 In Page 3, Paragraph H, at Section 1, it says, "The maximum density for a mixed-use building is 10 24 dwellings." I just want to define, what's a 11 12 dwelling? Is that a bedroom or an apartment? That 13 it's -- I just wanted to see if that could be clarified. 14 15 MAYOR SCARPELLI: Well to further clarify that, it's one of the questions that's come up, 16 Mr. Moore --17 18 MR. MOORE: Yes. That's what I thought. MAYOR SCARPELLI: -- to further clarify what 19 a dwelling unit is. 20 21 MR. MOORE: What a dwelling is. And when you 22 say per acre, could -- if that could be --23 MAYOR SCARPELLI: That's the one that says 24 1250 per acre?

Twenty-eight dwellings per acre.

MR. MOORE:

25

1	MAYOR SCARPELLI: Twenty-eight dwellings per
2	acre.
3	MR. MOORE: If we could define what a
4	dwelling is, and if you could define per acre, to say
5	"a lot size," or, you know, what is the equivalent lot
6	size so you have some type of reference to it.
7	MAYOR SCARPELLI: You mean the square footage
8	of an acre?
9	MR. MOORE: Some not a square footage.
10	But say 50 by 100 is one acre, whatever that is. I
11	don't know what the number is precisely. But that
12	MAYOR SCARPELLI: It's a square footage
13	number?
L4	MR. MOORE: Yes.
15	MAYOR SCARPELLI: So we'll see what we can do
16	to clarify it.
17	MR. MOORE: I would just since you're
18	going back to the engineers with it, that was one if
19	that could be clarified it would probably save a lot of
20	questioning. And I would appreciate that. Thank you.
21	MAYOR SCARPELLI: Anybody else wish to
22	address the Board of Commissioners on agenda items
23	only?
24	MS. CELENTO: Hello. Amy Celento, 70 Newman
25	Avenue

1	So I just heard from Mr. Moore that the
2	public hearing on the proposed Ordinance Number 3397 is
3	not happening this evening. Is that correct?
4	MAYOR SCARPELLI: It's actually going to be
5	tabled indefinitely because we're going to come back
6	and then reintroduce it with more specifics.
7	We had our both planners, the Planning
8	Board planner and our planner on redevelopment, looking
9	at the ordinance. There's a lot of conflicts with the
10	existing ordinance and the existing zones and what's
11	allowed on the setbacks.
12	They also had some comments on the size of
13	the unit, the 950 square foot for one bedroom as being
14	a little too big. So there are some comments that our
15	planners have had that we want to incorporate and get
16	it right and come back and reintroduce it.
17	MS. CELENTO: So this the proposed
18	ordinance has been about 10 years in the making
19	according to the summary that a citizen put together
20	and presented at the February
21	MAYOR SCARPELLI: That's not quite that's
22	not quite true, that the ordinance has been in
23	MS. CELENTO: Okay.
24	MAYOR SCARPELLI: The ordinance has actually
25	been in the last two years. That's it.

1 MS. CELENTO: Okay. So we're going to call it 24 months, approximately. 2 3 MAYOR SCARPELLI: Twenty-four months. That's fair. 4 5 MS. CELENTO: And we have planners that we You're saying "our planner and the Planning 6 pay for. 7 Board planner. Both of those planners are paid for by 8 the township. Is that correct? 9 MAYOR SCARPELLI: They're paid for -- they haven't been paid for on this project, which is another 10 11 issue. 12 MS. CELENTO: So they're working for free? 13 MAYOR SCARPELLI: That's what I'm saying. They have to be -- that's one of the issues that has to 14 15 be resolved too. So is this a surprise? 16 MS. CELENTO: how was this not known before the ordinance was 17 18 proposed? MAYOR SCARPELLI: It's not in their contract 19 to -- it's not in their present contract. 20 21 MS. CELENTO: So I'm saying, the ordinance 22 was proposed on September 4th. It came from the 23 Planning Board --24 MAYOR SCARPELLI: It came from the Planning 25 Board.

1	MS. CELENTO: to the Board of
2	Commissioners.
3	MAYOR SCARPELLI: Correct.
4	MS. CELENTO: Supposedly, last year, it was
5	sent to all of you but it never made it onto an agenda
6	or docket. So I'm asking, is this is a surprise that
7	two different planners hired by the Township one for
8	the Planning Board and one for the Board of
9	Commissioners I'm not actually sure why we have two
10	planners, but maybe that's a checks and balances issue
11	that we need two different planners.
12	MAYOR SCARPELLI: Well one's our
13	Redevelopment Council planner. And the other is the
14	Planning Board.
15	MS. CELENTO: Okay. And you're saying and
16	they haven't been paid to work on this project. So in
17	the last two years, nobody has put forth that those
18	planners need to be hired to participate in developing
19	this proposed ordinance?
20	MAYOR SCARPELLI: They weren't involved in
21	the planning of the ordinance. No, they were not.
22	MS. CELENTO: So who has the responsibility
23	for either involving them or having not involved them?
24	MAYOR SCARPELLI: Well I guess that would
25	fall on me, Ms. Celento. But I could tell you that

this proposal on the acreage was first proposed four years ago on 32 per acre. It was re-proposed at 28.

The Planning Board came back, looked at it again and did a lot more investigation over those 24 months, and then came back with their final recommendation which then had to be put in the form of an ordinance. All they had was just the specifics of what they wanted to address.

Putting that into the ordinance, it became confusing because they were trying to be specific on things, but actually it made it more confusing.

MS. CELENTO: Okay.

MAYOR SCARPELLI: In looking at this with the planners and with people who made the suggestions on the Planning Board, we're now at a point where we're going to clarify it and get it down so it all makes sense because there's a lot of things that are interchangeable in there.

When you start talking about the size of a unit, when you start talking about the percentage of two bedrooms versus one bedroom, when you talk about the number of parking spots that'll comply with the number of bedrooms, if you start changing those, you change everything. And so that really needs to be looked at from a planning perspective and not just the

Planning Board perspective because those are not 1 professional planners. And that's where we're at. 2 And thank you very much. 3 MS. CELENTO: to that point, as you just provided, the Planning Board 4 5 members are appointed. MAYOR SCARPELLI: Correct. 6 MS. CELENTO: They're citizens. 7 In some 8 cases, employees, and in some case, elected officials. 9 So they worked on this, they put forward a proposal. Ι understand it had to be put into an ordinance format. 10 They never involved a hired planner or their planner. 11 12 So that, to me, says that there is a very large gap 13 somewhere in the process. Am I wrong about that? MAYOR SCARPELLI: Not necessarily, 14 15 Ms. Celento. Not necessarily. Because their planner looked at it, but he didn't look at in the specifics of 16 putting it into the ordinance and what other conflicts 17 18 it would create within the ordinance. Once it goes into the ordinance and you see that, you know, well, 19 20 when the B-4 zone, it says this --21 MS. CELENTO: Yes. 22 MAYOR SCARPELLI: -- and a B-1 zone, it says 23 this --24 MS. CELENTO: A reconciliation. 25 MAYOR SCARPELLI: -- and those are conflicts

between what is proposed in the mixed-use ordinance. 1 MS. CELENTO: Okay. And so thank you for 2 3 clarifying that. I thought based on the February joint 4 5 Planning Board -- Board of Ed/Board of Commissioners/Zoning Board meeting that some of that 6 7 was raised and there was already discussion about how 8 our Code Enforcement Department was going to meet with 9 some people because there were some, I guess, inconsistencies between, as you said, what's already 10 code today versus what -- so it just seems like this is 11 12 taking an awful long time. MAYOR SCARPELLI: Well those were different 13 inconsistencies than these inconsistencies. 14 15 MS. CELENTO: Okay. So they're different 16 inconsistencies. Thank you. So maybe I'll ask this question. Since COAH 17 18 is on the table for the town having to comply for X number of units, whether it's 25 or 55, I'm not sure, 19 but are there guidelines under COAH that actually speak 20 21 to square footage of apartment, number of parking 22 I'm curious. spots? 23 MAYOR SCARPELLI: Not that I'm aware of. 24 MS. CELENTO: Okay. So since we may be 25 hiring two different planners to work on these issues,

one of those planners or those firms, I believe, could 1 be the firm that the Township has hired to address 2 COAH. Inglesino? Is that correct? 3 MAYOR SCARPELLI: No. 4 5 MS. CELENTO: Are they a planner? MAYOR SCARPELLI: No. They're not the 6 7 planner. 8 MS. CELENTO: Okay. So they're a law firm. 9 MAYOR SCARPELLI: Correct. MS. CELENTO: Well could we ask them that 10 11 question? MAYOR SCARPELLI: Well COAH is a much 12 different issue. And this is a mixed-use and not COAH 13 So this is mixed-use apartments which is a 14 apartments. 15 little bit different than a regular apartment building. 16 MS. CELENTO: Okay. And I do understand that in 2015, the Board of Commissioners hired a planner to 17 18 look at opportunities in Nutley, and I believe that planner said that you should have -- that mixed-use is 19 appropriate. You need to bring people into the 20 21 downtown by having apartments, but I believe they also 22 recommended a higher rate or a higher percentage of 23 retail. So is that the same planner that you might be 24 hiring that is currently not hired today? 25 MAYOR SCARPELLI: No.

It's a different planner? 1 MS. CELENTO: MAYOR SCARPELLI: That was a different 2 3 planner. MS. CELENTO: Okay. So how does it -- how do 4 5 these planners get hired? Are there --MAYOR SCARPELLI: We didn't hire that 6 7 The Planning Board -planner. 8 MS. CELENTO: No. No. Other -- no, no. I 9 mean, the future planners, the planners you're trying to use today that you've tabled the Ordinance 3397 for 10 because you have to go back to planners. I don't see 11 it on the table that someone is proposing that we spend 12 13 X amount of money to hire a planner. Did I miss something on the agenda? 14 15 MR. GENITEMPO: Mr. Mayor? Just, you 16 know, if I may. MAYOR SCARPELLI: Go ahead, Commissioner 17 18 MR.GENITEMPO: Three minutes has 19 well passed, and this is not public comment. 20 21 question and answer. 22 I think it's clear that this is a process 23 that's been going forward. We've had meetings with the 24 There's been a long time going. We've met planners. 25 with the Planning Board members who are on the

Committee in the last few weeks to try to clarify this. 1 It's a process, and I think the Commissioners 2 are handling appropriately, and I don't think this is 3 appropriate public comment to continue back and forth 4 5 when other people may want to address the microphone. But three minutes is what we're required. 6 7 Thank you. 8 MS. CELENTO: Okay. 9 MAYOR SCARPELLI: Anybody else wish to address the Board of Commissioners on agenda items 10 only? 11 Seeing none, Board of Commissioners 12 announcements. Commissioners? 13 COMMISSIONER TUCCI: Just one. I'd just like 14 15 to thank the people on Ridge Road. On Saturday, we had a massive tree come down with a sudden burst of wind 16 and knocked out the power, not only on Ridge Road but 17 18 on Chestnut Street and a lot of the surrounding roads, and I just want to thank all those folks who were very 19 patient while our Shade Tree Department and Public 20 21 Service came and shut the power off so we could clear 22 the road and remove the tree and then get the power 23 restored. 24 So the patience of the folks there under a

very trying situation did not go unnoticed, and I'd

25

17 just like to thank them publicly for that. 1 MAYOR SCARPELLI: Thank you, Commissioner. 2 COMMISSIONER PETRACCO: I'd just like do a 3 little dovetail on that. 4 Actually, I did go up on Ridge Road that 5 It was actually the Nutley-Belleville 6 afternoon. 7 football game when I got the call which I thought went really, really well. And congratulations to our Nutley 8 9 Raiders. It was really good to see that game go on in the oval to bring some of that tradition back to the 10 11 town. But with that being said, I did run up there 12 and I have to tell you, Mauro, your guys -- I mean, the 13 tree was probably one of the biggest trees I've ever 14 15 seen in Nutley. And they did a great job. And I have to also commend Public Service because --16 COMMISSIONER TUCCI: I think your three minutes 17 18 are up. COMMISSIONER PETRACCO: My three minutes is up. 19 20 But --21 THE CLERK: Sorry. 22 COMMISSIONER PETRACCO: -- I really want to 23 commend Public Service as well because those guys 24 really look out for us here in Nutley, and --25 COMMISSIONER TUCCI: They did.

1	COMMISSIONER PETRACCO: The power could have
2	been off for a couple days, and they really got it up
3	and running. So kudos to your
4	COMMISSIONER TUCCI: Yeah. it was up by
5	eleven o'clock the next day which was great.
6	COMMISSIONER PETRACCO: It was unbelievable,
7	really, for the damage that was there.
8	MAYOR SCARPELLI: Anything else?
9	Let's move on to Ordinance Introductions.
10	This is an ordinance on behalf of the Board
11	of Commissioners. The ordinance of the Board of
12	Commissioners of the Township of Nutley in the County
13	of Essex creating Chapter 115, Officers and Employees,
14	Article XXV, Custodian of Records, of the Township
15	Code.
16	I move that this ordinance be passed to a
17	second reading advertised in the Nutley Sun together
18	with the notice required by law, and that further
19	consideration of said ordinance for final passage by
20	the Board of Commissioners be held at its second
21	reading on December 4th, 2018.
22	I move the ordinance.
23	COMMISSIONER TUCCI: Second.
24	THE CLERK: Commissioner Tucci?
25	COMMISSIONER TUCCI: Aye.

	Public Session
	19
1	THE CLERK: Commissioner Evans?
2	COMMISSIONER EVANS: Aye.
3	THE CLERK: Commissioner Petracco?
4	COMMISSIONER PETRACCO: Aye.
5	THE CLERK: Mayor Scarpelli?
6	MAYOR SCARPELLI: Aye.
7	MAYOR SCARPELLI: Ordinance Number 3402, an
8	ordinance of the Board of Commissioners of the Township
9	of Nutley in the County of Essex, amending Chapter 320,
10	Fees, Article I, copies of public records, of the
11	Township Code.
12	I move this ordinance to be passed to a
13	second reading advertised in the Nutley Sun together
14	with the notice required by law, and that further
15	consideration of said ordinance for final passage by
16	the Board of Commissioners is to be held at the second
17	reading on December 4th, 2018.
18	Move the ordinance.
19	COMMISSIONER TUCCI: Second.
20	THE CLERK: Commissioner Tucci?
21	COMMISSIONER TUCCI: Aye.
22	THE CLERK: Commissioner Evans?
23	COMMISSIONER EVANS: Aye.
24	THE CLERK: Commissioner Petracco?

Aye.

COMMISSIONER PETRACCO:

25

	20
1	THE CLERK: Mayor Scarpelli?
2	MAYOR SCARPELLI: Aye.
3	MAYOR SCARPELLI: Commissioner Evans?
4	COMMISSIONER EVANS: Thank you, Mayor.
5	This 3403 is an ordinance on behalf of the
6	Board of Commissioners. Just in summary, this is an
7	ordinance establishing pay-to-play rules consistent
8	with the State statutes that already exist and
9	establishing it on our local books.
10	As an entity, our municipality receives
11	transitional state aid. The State is asking that we
12	have the State ordinance on our local books. So we're
13	basically incorporating that as a compliance
14	requirement. We have historically have been
15	following the State statutes with regard to pay-to-play
16	rules.
17	So having said that, Ordinance 3403 is an
18	ordinance establishing that a business entity which
19	makes political contributions to municipal candidates
20	and municipal and county political parties in excess of
21	certain thresholds shall be limited in its ability to
22	receive public contracts from the Township of Nutley in
23	the County of Essex.
24	I move that this ordinance be passed to a
25	second reading and advertised in the Nutley Sun

	21
1	together with the notice required by law, and that
2	further consideration of said ordinance for final
3	passage by the Board of Commissioners be held at its
4	second reading on
5	THE CLERK: December 4th.
6	COMMISSIONER EVANS: December 4th, 2018.
7	So moved.
8	COMMISSIONER TUCCI: Second.
9	THE CLERK: Commissioner Tucci?
10	COMMISSIONER TUCCI: Aye.
11	THE CLERK: Commissioner Evans?
12	COMMISSIONER EVANS: Aye.
13	THE CLERK: Commissioner Petracco?
14	COMMISSIONER PETRACCO: Aye.
15	THE CLERK: Mayor Scarpelli?
16	MAYOR SCARPELLI: Aye.
17	MAYOR SCARPELLI: Public Hearings. We
18	discussed 3397, 3399 of the public hearing will be held
19	at our next meeting. What date is that, November 21st?
20	THE CLERK: The November 20th.
21	MAYOR SCARPELLI: No. November 20th.
22	THE CLERK: I'm sorry, November 20th.
23	COMMISSIONER EVANS: November. Yeah, and
24	it's
25	MAYOR SCARPELLI: Commissioner Rogers

1	resolutions. I'll read those.
2	Whereas, 3.3 million people have diabetes,
3	9.4 percent of the U.S. population, another 84.1
4	million adults age 18 years or older have pre-diabetes.
5	Now, therefore, be it resolved by the Board
6	of Commissioners, Township of Nutley, County of Essex,
7	State of New Jersey, declare November as National
8	Diabetes Awareness month and recognize November 14th as
9	World Diabetes Day.
10	I move the resolution.
11	COMMISSIONER TUCCI: Second.
12	THE CLERK: Commissioner Tucci?
13	COMMISSIONER TUCCI: Aye.
14	THE CLERK: Commissioner Evans?
15	COMMISSIONER EVANS: Aye.
16	THE CLERK: Commissioner Petracco?
17	COMMISSIONER PETRACCO: Aye.
18	THE CLERK: Mayor Scarpelli?
19	MAYOR SCARPELLI: Aye.
20	MAYOR SCARPELLI: Be it resolved that the
21	Board of Commissioners, Township of Essex County
22	County of Essex, New Jersey, that in accordance with
23	Provision R.S. 40A:4-58, the following transfers of
24	appropriations in the 2018 budget be and the same are
25	hereby authorized and approved.

1	From Garbage and Trash Removal, other
2	expenses, \$25,000, to Health Department, other
3	expenses, \$25,000.
4	I move to resolution.
5	COMMISSIONER TUCCI: Second.
6	THE CLERK: Commissioner Tucci?
7	COMMISSIONER TUCCI: Aye.
8	THE CLERK: Commissioner Evans?
9	COMMISSIONER EVANS: Aye.
10	THE CLERK: Commissioner Petracco?
11	COMMISSIONER PETRACCO: Aye.
12	THE CLERK: Mayor Scarpelli?
13	MAYOR SCARPELLI: Aye. Commissioner Tucci?
14	COMMISSIONER TUCCI: Yes, thank you, Mayor.
15	Whereas, the Township of Nutley received
16	sealed bids for surplus equipment no longer in use by
17	the township on October 24th, 2018; and
18	Whereas, Jersey One Auto Sales, 495 Tonnele
19	Avenue, Jersey City, and Marczaks, Inc., 247 Central
20	Avenue, Metuchin, were the highest bidders. The
21	equipment was a 2003 Toro 328D 4-wheel drive with
22	blower, in the amount of \$900; a 2000 GMC pickup 4x4 at
23	the Jersey One Auto in the amount of \$763; and a
24	2006 Bluebird bus in the amount of \$357.
25	Now, therefore, be it resolved by the Board

21	business are being adversely affected by such dialogue.
22	MR. MOORE: Rory Moore, 462 Chestnut Street.
23	Mr. Scarpelli, I have only about two
24	questions.
2.5	T heard a rumor and that I why I dame here

```
Did you hear anything about the Nutley Pool being sold
1
    and possibly having apartments over that way?
2
              MAYOR SCARPELLI: Continue, Mr. Moore.
3
              MR. MOORE:
                           That's -- heard a rumor.
4
5
    That's -- but I was just wondering if it was true or
6
    not.
7
              MAYOR SCARPELLI: Continue, Mr. Moore.
8
              MR. MOORE: Oh, okay.
                                      Okav.
9
              On the bill list, water utility was added.
    Is there -- there was a column, but that's the first
10
    time I noticed it. Maybe it's been there and I hadn't
11
12
    noticed it before. Is that a new category?
              MAYOR SCARPELLI: Continue, Mr. Moore.
13
              MR. MOORE: No.
                                I'm just curious because you
14
15
    added a special --
16
              MAYOR SCARPELLI: We will answer your
    questions, Mr. Moore, but right now --
17
18
              MR. MOORE:
                           Pardon me?
                                       I'm sorry.
19
              MAYOR SCARPELLI: We will answer your
20
    questions. Not right now.
21
                                  Thank you.
              MR. MOORE:
                           Okay.
22
              MAYOR SCARPELLI: Anybody else wish to
23
    address the Board of Commissioners this evening?
24
              MR. ODRIA: Michael Odria (phonetic),
25
    134 High Street.
```

1	I've been watching a movie lately, obviously,
2	I'm sure it's old news (indiscernible). And our
3	attorney general, Gurbir Gewal, he has an Office of
4	Public Integrity and Accountability going on, and I
5	believe maybe I think there's another
6	(indiscernible) that there have been some
7	investigations in some towns in Essex County, Hudson.
8	And they're investigating DPWs, department I think
9	it was (indiscernible) department in another town.
10	Are there any investigations going on in this
11	town that you know of?
12	MAYOR SCARPELLI: Do you have any other
13	questions, Mr. Odria?
14	MR. ODRIA: Can it be answered now?
15	MAYOR SCARPELLI: You'll be answered, but not
16	right now.
17	MR. ODRIA: Isn't that part of the reason for
18	Open Public Meetings Act?
19	MAYOR SCARPELLI: This is public comment, and
20	we will answer your questions.
21	MR. ODRIA: Okay. All right. Just curious
22	about that.
23	And (indiscernible) but this the answer to
24	the question's very important to many people in this
25	town because it does go to what we just went through

44

shot

1	yesterday and at the same time almost the same time
2	the year before, and this proves homeowners of this town
3	down two very extensive referendums.
4	And I kind of hope (indiscernible) or realize
5	that we don't want any more referendums.
6	The people for a second time in two short years
7	well, actually one short year, has sent another strong
8	message that we know. (Indiscernible) too, but it has
9	to stop. It pushed (indiscernible) my first question.
10	MAYOR SCARPELLI: Thank you, Mr. Odria.
11	Anybody else wish to address the Board of
12	Commissioners this evening?
13	MS. ROSSI: Tammy Rossi, 28 Colonial Terrace.
14	Just to add a little clarification. Earlier
15	Ms. Celento had made a comment about the Planning Board
16	creating the definition for mixed-use and density for
17	10 years.
18	The reality is the Zoning Board has been
19	asking for guidance from the Planning Board since 2008.
20	So between 2008 and 2016, there were sessions, meetings
21	to discuss the definition. Why you took all that time
22	to actually create some recommendations in 2016
23	that's a long time, and now you are consistently
24	delaying the process because more questions keep coming
25	up. So I mean, if all of this had been addressed back

in 2010, '11, '12, I think this issue would have been 1 put to bed. So that's that's my comment on that. 2 I'm holding in my hand the signatures of 3 Nutley citizens who signed the petition for term limits 4 for you, the Board of Commissioners, to enact a 5 resolution for term limits for two consecutive 3-year 6 7 terms for board members on the following boards: Planning, Zoning, Rent Leveling, and the Library. 8 I 9 present these signatures to you and request that you listen to the voters of Nutley and vote yes to 10 Commissioner Rogers resolution. 11 The Nutley Coalition for Change is a 12 grassroots team of citizens that is growing, and we 13 look forward to sharing our next initiative at the next 14 15 meeting in two weeks. Your yes vote for this term limit signifies change that is wanted by citizens and 16 17 voters of Nutley. Thank you. 18 MAYOR SCARPELLI: Could you hand those to the Clerk, please? 19 20 MS. ROSSI: I sure can. 21 MAYOR SCARPELLI: Anybody else wish to address Board of Commissioners this evening? 22 23 MS. BOZZA: Maria Bozza, 209 Highfield Lane. 24 I just would like to address this to Mr. Genitempo. Ι 25 was going to bring it up at the last meeting but there

were so much going on with other, you know, you were giving away whatever, and I didn't want to embarrass anyone.

But since that last tirade at the town
meeting before that, I contacted Trekman (phonetic). I
spoke to several very informative people who emailed me
the generic description of the town clerk -- town
attorney rather. And, as a town attorney, I'm not
going to read you what -- you know, what your job, but
as -- when I read over that description, it does -you're not an elected official but rather an appointed
one. And nowhere in that description does it say that
you have the responsibility or the right to use your
position to bully, insult, reprimand, or raise your
voice to any -- or chastise a taxpayer because he asks
for too many OPRA requests or because you just don't
happen to like him.

If the tables were turned, I think, and we the citizens began to scream and yell like you people here, I know that the police officer would step in, and rightly so. Your behavior, I thought, was unprofessional, undignified, and arrogant for anyone, but most especially for someone who was paid yearly by the taxpayers whom you insulted. What is even more shocking to me was that not one of you felt the need to

say something to him. So I have to conclude that you agree with his behavior and think it's perfectly okay.

And secondly, I don't know why he felt the need to defend Mr. Evans or the town clerk, since the questions were not asked of him, but rather of the Commissioner.

And, Mr. Genitempo, you know, don't think we are all stupid that sit on this side of the podium.

And we know that politics isn't always what it appears to be. Based on this, I do think you owe people in this audience an apology.

And to bring up term limits again, you are the classic reason we need term limits, not only for elected officials, but for appointed ones as well because it seems that you and others, after 10, 12, 16 years, carve your initials in the seat and think that the town belongs to you and that we have nothing to say about it and we should not question your authority. Please never forget that your authority comes from this side of the podium and not that side of the podium.

MAYOR SCARPELLI: Thank you, Mrs. Bozza.

Anyone else wish to address the Board of Commissioners this evening?

MS. CELENTO: Yes, Amy Celento, 70 Newman
Avenue, Nutley. And I appreciate Marie's comments

1	because what I'm interpreting here, what's happening
2	right now is that public comment is now considered a
3	time where we can ask questions, but you're not going
4	to answer them. That's just what's happened with
5	several people. So I have not seen any published rules
6	that indicate that you won't be answering questions
7	presented during open public comment. Is this now a
8	new rule for this in the last 15 minutes?
9	MAYOR SCARPELLI: Ms. Celento, we're going to
10	answer your questions. We're not going to answer in a
11	back-and-forth manner.
12	MS. CELENTO: Okay. So when are they going
13	to be answered? Because there have been questions
14	MAYOR SCARPELLI: I'd say most of them will
15	be answered tonight.
16	MS. CELENTO: Okay. So thank you very much.
17	So I have a couple of things in terms of the
18	ongoing investigation and discussions with
19	Skender (Kenny) Meka and his development company or
20	companies. There haven't been any updates provided as
21	of late and it's my understanding that the discussions
22	continue. These don't seem to involve anything in
23	terms of them breaking any rules, and I'm not really
24	sure why the statutes don't apply to them. So I'm
25	asking the question, how is it that converting

approved one-bedroom apartments to two-bedroom apartments, which is how it's been presented, at least to me, and I believe to the people in this audience in past meetings in the past six months, how has it been that those didn't break a law? So that's a question.

And if they did break a law, when will charges be filed and through what organization?

I believe that we have a Town Prosecutor that the Township and the taxpayers pay for. So will the Prosecutor be brought in in terms of the laws or the statutes that have been transgressed, we'll say, by the developer?

I have other questions. We've had planners that the Township has hired in 2015 -- I know JGSC or something -- about looking at the entire downtown. You've indicated tonight that you're not really using that planner or the information provided by that planner. You've hired a planner about the Ciccolini building. There was money approved more than two years ago, so what are the results of that study? When will they be presented? And is that same planner the planner that you're considering working with in terms of the discussion we had earlier about density and mixed use? And then is that also the same planner that we've been using in terms of the redevelopment of the

former LaRoche site or is that the different planner?

So I'd like to know who all those planners are, and I'd like to understand timelines in terms of what we've already hired them to do, when plans or responses have been delivered, and if they haven't been delivered, when will they be delivered?

There's also the issue of an upcoming Master Plan Revision which will be required by law. So has a Planner been designated? Is it one of the aforementioned planners? If not, when will that planner be designated? What will the process be in terms of hiring that planner? And what's the timeline to execute hiring that planner in advance of revising the master plan?

Additionally, in terms of the situation with Meka or any other developer and the -- I guess we'll say the set-aside of Ordinance 3397 at this time, I'm requesting that there be a suspension of apartment development, mixed-use development, or maybe establishing a moratorium until the Town figures this out.

And as you're well aware, over 50 percent the voters that turned out at the polls on Tuesday,

November 6, 2018, voted "no" regarding referendums of almost \$70 million to expand our schools to address

overcrowding. There has been some question in terms of whether overcrowding comes from apartment development of it comes from homes being sold by empty nesters and people moving in that have children. I don't think anyone's done a really clear study on that, but in the absence of study, I am requesting that a moratorium on apartment development be established. And I've run out of time.

MAYOR SCARPELLI: Thank you, Ms. Celento.

MS. CELENTO: Thank you.

MAYOR SCARPELLI: Anybody else wish to address the Board of Commissioners this evening?

MR. ALESSIO: Carmine Alessio, 81 East Centre Street. I guess the word would be "reiterate" Amy's comment about the 18 one-bedrooms that were converted to two-bedrooms on -- or at 113 East Centre.

I don't see how this was not a known thing, and no one seems to want to comment about it. When -- you know, I live right there, and I actually sat through the Planning Board meetings and heard all the testimony in that, and it seems like this was a plan in the making to conduct this type of activity with the making of the one-bedrooms or the studios into two-bedroom.

And during the testimony, the Planning Board

did stipulate or kind of -- they were kind of firm on they didn't want any of the grassland taken away from the buildings in the back there between B and C. And a year later I heard the jackhammers going, and between B and C there was additional parking made. Now, you know, my concern is the over-development of the area, it always was, and to try to see fit for that zone, even though the Town has the right to, you know, change things accordingly.

So my concern is, you know, I went to the Code Enforcement and actually said, hey, what are you doing over there? And no one seems to get any kind of answer except for maybe that we didn't change the footwork of the parking area that went from grassland that was ordered by the Planning Board not to happen.

That's one thing, along with the testimony by that contractor and his attorney, was that that parcel of land be a gated community. That didn't seem to happen. Along with the two-carriage road that goes from East Centre Street into the complex that was ordered by the Planning Board to get some kind of a title or disclosure or foreclosure from the County in order to proceed with the project within 45 days.

That was swept under the carpet and the project went forward. Like, this is the thing. You

know, why am I standing up here? Because it affects me and my community. It affects the property value of my property. It affects my property being served maybe as an entrance to a project like that, which is a multimillion-dollar project to maybe -- you know, I'm there to try to fit in the community and maybe make some money. But, you know, that's okay. You went around me.

Now the Planning Board ordered a title search for that property and the attorney was there saying that he would pay back taxes for that, quote/unquote, "Springer Lane" road. And three years after the project was built, Mr. Genitempo went to the County, and the Town of Nutley seems to own that road going into the back there. Now, that affects me. It creates density, which I've been complaining about for years, coming up there between the park.

It's like, you know, I'm a part of the community too. We've been here since the 1920s. I'm speculating, just like my neighbor next door has an empty lot with trucks running out of it continuously. So, you know, I mean, like, get your act together. It's supposed to be a two-carriage road on the left and the two on the right that enter this facility. There's a driveway that leads back into the complex on the

- 1 left. Now, what's my concern? I walk down my driveway when it's empty and I --2 3 MR.GENITEMPO: Mr. Mayor, that's five 4 minutes. 5 MR. ALESSIO: I'm aware of it. I got --MR.GENITEMPO: Five minutes is up for 6 7 you. MR. ALESSIO: Can I ask for 10 seconds? 8 9 MAYOR SCARPELLI: Wrap it up. I'm walking down my driveway 10 MR. ALESSIO: and cars are going up my -- a car went up my driveway. 11 I almost got hit by a car because the safety issue here 12 is there should be two two-carriage roads there, not 13 one owned by the Town of Nutley, which hinders my sale 14 15 and is totally illegal according to the Municipal Land You're supposed to own the property abutting 16 the road, which they don't own. And the driveway, 17 18 that's another issue. You can -- there's not supposed to be driveway there. Thank you so much. 19 Have a nice
- 21 MAYOR SCARPELLI: Yes. Thank you,
- 22 Mr. Alessio.

evening.

20

- 23 Anybody else wish to address the Board of 24 Commissioners this evening?
- MS. DONAHUE: Hi. My name is Emily Donahue.

I live at 88 McKinley Street. A lot of the people here already spoke to my concerns which involve multi-use buildings with residential properties. The Ordinance No. 3397 that was tabled for this evening stated that 70 percent of the dwellings shall be two bedrooms or more. These apartments will undoubtedly have children, and we are now slated to gain a double-wide stacked trailer at Spring Garden in the fall, as well as additional trailers at Washington School.

I know some people spoke of the Referendum Proposal 1, which would have expanded those schools only was voted down by 168 votes at last count. So I wouldn't say that it was an overwhelming no from the town; however, it was voted down at this time. And I just want to know if you have ever considered sitting down with the Board of Education to sort of collaborate on some creative problem-solving to solve this issue that affects a large part of our community, as many of us have children, many of us are children and we need to be fairly educated in safe and proper building spaces.

So I'm wondering when this Board and Board of Ed will sit down together and collaborate on some different ideas since the community seems to be in a split over spending more money. Thank you.

MAJOR SCARPELLI: 1 Thank you. Anybody else wish to address the Board of Commissioners this 2 3 evening? MR. WALLACE: Good evening. Glenn Wallace, 4 First of all, I'd like to ask is 5 106 Hopper Avenue. there a policy on the public comment portion of your 6 7 town meeting? And if there is, I'd like to see that. My first subject is Hoffmann-LaRoche. 8 9 looking for a number; not a song and dance, just a simple number. With the existing structures that we 10 have there and the occupants that we have now, what 11 will be our tax income for the year 2019? 12 The next subject is our handbook, the 13 Township handbook. Okay? I want to know whose job it 14 is to take care of the handbook, to update it on an 15 annual basis, as it states in the handbook, and why has 16 it been 21 years since that handbook has been updated? 17 18 And so are we paying somebody to do this? Are they not 19 doing their job? This is the questions I'd like 20 answered. 21 The next subject is Ciccolini. I don't 22 believe everything I read, so that's why I'm going to 23 ask you a question. I did read that that building is a

that building, which I believe is true?

If so is it safe for people to be entering

24

25

tear-down.

1	And, lastly, people have been fighting for
2	transparency and accountability for a long time, and I
3	think probably as important as that is respecting
4	truthfulness. And I've witnessed personally the lack
5	of that. I don't have to point out anybody, but I
6	think it's something that really needs to be taken a
7	look at. It makes one wonder what the kind of behavior
8	is behind closed doors with one's mother, wives, or
9	daughters if it's conducted that way here. Thank you.
10	MAYOR SCARPELLI: Thank you, Mr. Wallace.
11	Anybody else wish to address the Board of
12	Commissioners this evening?
13	MS. ROSSI: Tammy Rossi, 28 Colonial Terrace.
14	So just a real quick question about the employee
15	handbook. Is there a conflict of interest policy in
16	that handbook, and is there an anti-nepotism policy in
17	that handbook?
18	Next question, a few meetings ago,
19	Mr. Inglesino had presented his ability to negotiate
20	the requirement for affordable housing down to a number
21	of 55. And while it was celebrated, I heard a comment
22	that we were good until 2025 with that number of 55
23	requirement. Come 2025, will we then be required to
24	fulfill the remaining number of affordable housing
25	units that the State is asking of us?

1	And then my last question is, was a municipal
2	garage placed behind the Ciccolinis? Because I live
3	two blocks up, and I hear the beeping of the trucks
4	backing up at six o'clock in the morning. And I'm an
5	early riser, but I know people other people do sleep
6	a little later, and especially on a Saturday. People
7	down on Hillside, their backyards back right up to that
8	garage. Now, I'm just wondering if that's an absolute
9	necessity. Is there any way to minimize that? Pardon?
10	MAYOR SCARPELLI: There's no garage.
11	MS. ROSSI: Is there any way to minimize that
12	noise?
13	COMMISSIONER PETRACCO: But are you asking
14	about a garage also or
15	MS. ROSSI: There's something something
16	there's trucks that they're making a tremendous amount
17	of noise
18	COMMISSIONER PETRACCO: Behind Ciccolinis?
19	MS. ROSSI: Back there, yeah, in the wee
20	hours of the morning.
21	COMMISSIONER PETRACCO: I mean, the only
22	garage that I'm aware of is behind Bella Luce's
23	MS. ROSSI: Oh, maybe that's it.
24	COMMISSIONER PETRACCO: where
25	MS. ROSSI: Maybe that's

1	COMMISSIONER PETRACCO: we have our, you
2	know, the fire department has Hazmat there. And I
3	think there's a
4	MAYOR SCARPELLI: Yeah, we'll answer it.
5	COMMISSIONER PETRACCO: Okay.
6	MS. ROSSI: I'm just commenting because some
7	residents on Hillside have made comments about it and
8	asked me to bring that to your attention this evening.
9	That's all. Thank you.
10	MAYOR SCARPELLI: Anybody else wish to
11	address the Board of Commissioners this evening?
12	MS. RUBINO: Joan Rubino, 48 North Road.
13	There are so many questions asked tonight, and I only
14	heard, I think, one being answered and that is the last
15	one about the noise. Am I missing something here?
16	MAYOR SCARPELLI: Ms. Rubino, we're going to
17	go through them after public comment portion is over.
18	MS. RUBINO: I don't quite understand that.
19	Now, how was that going to how are you going to do
20	that?
21	MAYOR SCARPELLI: I've got a list of the
22	questions as they were asked.
23	MS. RUBINO: And you're going we have to
24	sit here and listen to all the answers to the questions
25	that were asked? Is that it?

1	MAYOR SCARPELLI: Correct.
2	MS. RUBINO: Okay. Don't you think it's a
3	little bit easier to do it as they come up?
4	MAYOR SCARPELLI: It would be nice if we
5	asked questions, then we answered questions and we
6	didn't get back into a back-and-forth, but this way
7	we're going to answer everything that was asked.
8	MS. RUBINO: All right.
9	MAYOR SCARPELLI: Anybody else wish to
10	address the Board of Commissioners this evening?
11	Seeing none, could I have a motion to close the public
12	comment portion of the meeting?
13	COMMISSIONER PETRACCO: Move it.
14	COMMISSIONER EVANS: Second.
15	THE CLERK: Commissioner Tucci?
16	COMMISSIONER TUCCI: Aye.
17	THE CLERK: Commissioner Evans?
18	COMMISSIONER EVANS: Aye.
19	THE CLERK: Commissioner Petracco?
20	COMMISSIONER PETRACCO: Aye.
21	THE CLERK: Mayor Scarpelli?
22	MAYOR SCARPELLI: Aye.
23	Let's see if we can go through these. The
24	pool, and being sold, I have no information that the
25	pool club has sold. Anybody else have any information?

	61
1	COMMISSIONER EVANS: I'm not aware of any.
2	MAYOR SCARPELLI: Mr. Genitempo?
3	MR. GENITEMPO: No, Mr. Mayor.
4	MAYOR SCARPELLI: As far as the water utility
5	being on the bill list, I think it's been on there for
6	a while. I don't know exactly how long, but it's been
7	on there.
8	Investigations, Mr. Genitempo?
9	MR. GENITEMPO: Yes, Mr. Mayor. I've heard
10	the same rumor, Mr. Mayor, but I am not at liberty to
11	comment on it and I will not comment on it.
12	MAYOR SCARPELLI: Density was brought up a
13	number of times. All I can tell you is we're trying to
14	get that ordinance right. We're going to you know,
15	it's very complicated and it's been complicated and,
16	yes, it's been going on a long time. All I can say is,
17	at this point, as the mayor, we're moving it forward
18	and we're going to have something that makes sense and
19	something that we think will not have any conflict with
20	the rest of our zoning ordinance.
21	Anybody else wish to comment on density?
22	COMMISSIONER PETRACCO: I'd like to add
23	something on that if I can. Actually, that has been
24	going back and forth and it is a very complex document.
25	It started when I was the mayor, trying to get that

through the channels, and every time you do one thing it seems like it affects another thing. So it's not that anybody here is trying to delay it. At the last commission meeting, or two of them beforehand, when we went to introduce this, I did recommend that we send it to planners and make sure that, you know, we get this exactly right, you know, for the future, but it seems like every time we address one issue, another one arises.

And it's not that we're trying to delay. We don't -- you know, like somebody said at the mic, we're the voice -- we're supposed to be the voices of the people here. You know, we're supposed to listen to the people and do what the majority of the town wants, and that's how I run my life as an elected official. But just to kind of wing it at this point, coming this far, you know, it won't stop the development in the future.

When we got this information up to us with the 28 units per acre, you know, that raised a tremendous red flag if we're not going to develop in Nutley anymore. And I think that the Zoning Board has been asking us for a long time to get this done so they're not making these big decisions in town of how many apartments should go on a property, so forth and so on. And I think it's our obligation, you know, to

reach out to the professionals, because I'm not a professional planner myself, and I want to make sure that that document is spot on moving forward, that we are not on putting a lot of pressure on our Zoning Board or our Planning Board members to make these decisions that really impact the town immensely in the future.

MAYOR SCARPELLI: Commissioner Tucci?

COMMISSIONER TUCCI: Can I also address that? Yeah, we've been doing this for far too long, in my opinion, but we do need to get it right. There are many items that are contained in that ordinance that I do not agree with. All right? And I'd like to hear what the rationale is, all right, from what professionals as to why things are in there. And I'll give you a couple of examples.

The number of two- and three-bedroom apartments that are called for in that I don't agree with. The density at 28 I do not agree with. All right? I'm not a proponent of more multifamily housing. All right? So I want to make sure that we protect the town moving forward and we don't over develop and we have folks moving in who are planting shallow roots and will move out. All right?

We've been known for years and years as a

community that has deep roots, all right, parents, children, grandchildren, and so forth and so on, staying here, establishing themselves here and keeping this the community it is. So I know it's been a long time, far too long, all right, and I'm sure there are a lot of good reasons. I don't know what they all are, all right, but we will do it and we will get it right. And once my questions are answered, then I will respond accordingly.

COMMISSIONER EVANS: Just -- I don't want to repeat what Commissioner Tucci just said because I think it was a very good summary of not just his concerns, but actually the concerns of the Board of Commissioners. It was raised that I sit on the Planning Board. And I sat on the -- I only sit on the Planning Board recently. When the matter was discussed at the Planning Board level, it was at a time when there was more vocalness on the part of residents to want this ordinance brought forward and a recommendation from the Planning Board brought forward.

There were questions that needed to be resolved at the Planning Board level, but in the interest of actually trying to expedite this, was to move it from the Planning Board because ultimately, in order for anything to be adopted in the town, it has to

be done by ordinance by this Board. So by actually moving it from the Planning Board with several open questions, we're actually getting it to the final destination where a determination could be made.

It has been raised several times about the planners and, yes, there is a planner for the Planning Board who is specifically hired to address Planning Board and Zoning Board applications for subdivisions, variances, and so on, and who also assisted some of the development of the mixed-use recommendation. But bringing it to the Board of Commissioners, recognizing that over the past few years there's been a redevelopment of what I would characterize as distressed properties in town, and so it's very important for us to determine what the impact is on the town of any continued development, which is why we have requested a planner to actually take a very comprehensive look at what the ordinance requires.

So in addition to what Commissioner Tucci said, there is one thing in the ordinance that says that you have to have side yard setbacks on Franklin Avenue, basically 3 feet on one side or 4 feet on one side, 10 feet on the other, or 14 feet. How do you, on Franklin Avenue, put 14 feet between buildings?

They're all connected. So you actually turned -- if we

were to adopt the ordinance with that provision still in there, that would make every business on Franklin Avenue a nonconforming use.

So there are things that are technical in the ordinance that we want to make sure that are corrected, in addition to what should be the size of an apartment, what should be the mix between one- and two-bedrooms, and what should be the number of units that would be allowed per acre. We are all very concerned about that, and so therefore we've asked for professional input so that we can actually make a better decision.

MAYOR SCARPELLI: Next were the term limits, and we look forward to Commissioner Rogers coming forward with his resolution. The Meka properties --

COMMISSIONER EVANS: Just one thing on the term limits. We're going to have to investigate because, for example, with the library board, there's a state statute that says that library members are appointed to a term of five years and they're appointed by the mayor. So there has to be clarity around if a ordinance was -- as suggested, was to be introduced, would that violate state statute. And so we've asked questions to start to get better clarity around what are the state statutes around board appointments, not just at the Library Board but also at the Zoning Board

of Adjustment and the Planning Board.

MAYOR SCARPELLI: Mr. Genitempo, you want to clarify anything on the Meka properties and where that is?

MR. GENITEMPO: Yes. Just one second on what Commissioner Evans just said. We're doing research on the Land Use Act and also the Library Board Act to make sure what the situation is relative to term limits.

report that a letter has been delivered to Mr. Meka advising him of his violations, the Township's position legally on the issue. We're waiting for a response, at which point we'll take additional action, if necessary. We've had an opportunity to vet all the investigation issues, and hopefully this will move forward much quickly -- much more quickly now and see if we can get a resolution that the town is agreeable to. So I can't reveal the details of it. Obviously, it's a potential litigation still, but at least I can report on that issue.

MAYOR SCARPELLI: Thank you, Mr. Genitempo.

Commissioner Evans, do you want -- JVC, they
weren't really a planner, were they? They were -
COMMISSIONER EVANS: No, they were -- that

was part of the study that was done to survey the

inventory of retail properties in town, as well as the vacancies in town, as well as to survey the population as to their -- what they wanted to provide in terms of feedback to us in terms of the issues.

They did summarize in their report several recommendations, one of which related to signage, way-finding signs, not just on Franklin Avenue, but also on the -- actually the perimeter of the town; some recommendations as to ordinances as to retail space standards, so how to create a common look of retail space.

They did note that to create an effective corridor effect to a business area, that it was important in today's environment to increase allowable density in the -- and so increasing the density available on Franklin Avenue, which we have significant concerns about.

They did raise a recommendation about establishing with the Chamber of Commerce a special improvement district, which would entail a hiring of a manager for the business district to actually do the work to, in effect, promote the business area, as well as look at the various types of businesses that we would look to seek to have occupy the space in our business districts around the town.

1	We have had great we've had previous
2	discussions regarding the Special Improvement District,
3	and with the variable out there at the time related to
4	Hoffmann-LaRoche, that was that's been held until we
5	have greater clarity.
6	MAYOR SCARPELLI: It was asked about the
7	planner for Ciccolini, on the density, and
8	Hoffmann-LaRoche. Yes, that's one planner, that's
9	Topology. They're the ones that have been working on
10	Hoffmann-LaRoche and the density and looking at
11	Ciccolini property.
12	Master plan revision, I know of no going
13	forward with a master plan revision at this time.
14	COMMISSIONER EVANS: It's required by law to
15	be reviewed every ten years. The last time it was a
16	comprehensive review was completed was in 2012, so it's
17	due for another comprehensive review in 2022. And at
18	such time, when the preparation is to do that, the a
19	planner will be hired to provide that special service.
20	I recall the last time we hired the
21	Planning Board hired a planner, it cost \$50,000 to do
22	that. We're obviously prepared to support that, but
23	the timing is it's required by statute every ten years.
24	MAYOR SCARPELLI: Moratorium, the legality of
25	a moratorium, I think Commissioner Tucci is still

working on a white paper on that subject.

COMMISSIONER TUCCI: That is correct. And I'm in the final stages of that and I would like nothing better than to have this Board issue a moratorium, and I know that's a sentiment of many members here. All right? However, we are not at liberty to do that. It is, in fact, illegal to do that. All right? So that's where we stand with that.

And just one more comment on the Ciccolini Commissioner Evans did a fine job of bringing everyone up to date as to where we are. Once we get the results of Topology's review and their recommendations, we obviously will move forward. have many needs, all right, on Franklin Avenue, ranging from parking to better shopping and better utilization And there are several folks who are, in of space. fact, interested in purchasing that building, the same as -- and I don't want to raise this up, but I will, the old bike shop next to the middle school. I will be corresponding in the very near future with the Board of Education because, as you recall, we purchased that building for them, all right, so that there wasn't some other use in there that would preclude them from expanding the middle school and helping to alleviate that space problem. So I believe they do have the

funding in place and I will verify that, and we will be looking to sell that to the Board of Education so that they can use it in the future to alleviate their space problem.

MAYOR SCARPELLI: Thank you, Commissioner.

COMMISSIONER TUCCI: Thank you, Mayor.

MAYOR SCARPELLI: Talked about the referendum and us communicating with the Board of Ed. communicate with the Board of Ed on an ongoing basis. You can look at their demographers, at the demographer's report. They've had two demographers or two reports on -- that I think are pretty accurate on what's going on in the town. And it was also brought up about mixed use and their impact, and I don't want to say mixed use doesn't have an impact because that would be false, but if you look at Spring Garden where a young lady back there brought up about having the trailer next year, there's no mixed-use buildings in the Spring Garden area and we have overcrowding issue So there's other issues besides mixed that we've gone over in the past, a full day kindergarten, Special Education, turn over of one-family homes, all impacting on our overcrowding issue.

COMMISSIONER PETRACCO: I'd like them just make one more comment on that, if I may, Mayor.

MAYOR SCARPELLI: Sure.

COMMISSIONER PETRACCO: You know, as far as the Board of Ed and the trailers that you brought up, and I happen to have son at Spring Garden, a fifth grader, and I have two kids that -- excuse me -- that went through there. And I think that the referendum, the feeling that I get from the people of the town, is that, you know, the \$70 million is a lot of money. And I know we're not far apart.

The thing that I was looking for with this referendum, and even before the referendum with these trailers, because I don't think anybody here wants to see trailers, but I think that what the people are looking for is options that -- not if it's -- if a \$70 million referendum doesn't pass, well, what is the option? A trailer. To me, that's not a good enough answer. I think that we have to, you know, figure things out rather than just put trailers in front of these schools and, you know, and have a long-term plan in place.

And it's not a stone thrown at the Board of Ed because I know they've worked very, very hard on all these issues and trying to get it passed, but just to say that, you know, if these referendums don't pass, there's no other options, I think that there's always

options. And I think that we owe it to the public and the taxpayers here to research every possible option that we could have to fix these problems. And, like Commissioner Tucci said, when we bought and purchased the Bike Shop, you know, we had intentions that, you know, we were going to be able to, you know, do something.

So moving forward, I still think that there's going to be extra funds needed to solve the problem.

You know, a lot of people -- I have this discussion in my store every day, you know, about, you know, the referendum, about school population, about the building. You know, when we developed the sections of Nutley that we did, you know, and especially when I was the mayor at the time, it was one-bedroom apartments.

And when I graduated in 1983 here in Nutley, I believe my graduating class was over 550 kids. You know, now we get about 350 graduating here. So, you know, the future of the demographer, Mayor, and, you know, which the mayor brought up, you know, these are work in progress.

You know, there's a lot there's a lot of different views on it, but the only thing that I'm looking for, as a commissioner and as a taxpayer, is this more options rather than it's, you know, it's this

74 referendum on trailers. 1 MAYOR SCARPELLI: Thank you, Commissioner. 2 Next was 113 East Centre and Springer Lane. I 3 don't know if we have any information on that. 4 5 Mr. Genitempo, do you have --MR. GENITEMPO: Yes, Mr. Mayor. 6 We do 7 actually have title to that. Part of the resolution 8 originally was to require the developer to buy that 9 through the township. And that's still -- that's one of the issues that we're still looking to resolve with 10 the developer. So it has not been resolved yet, but it 11 is one of the requirements of the Planning Board. 12 MAYOR SCARPELLI: 13 And --COMMISSIONER TUCCI: 14 Mayor, if I might. 15 MAYOR SCARPELLI: Sure. COMMISSIONER TUCCI: 16 So was that one of the violations that were --17 18 MR. GENITEMPO: Yes. 19 COMMISSIONER TUCCI: -- included in that 20 correspondence? 21 Yes, absolutely. MR. GENITEMPO: 22 COMMISSIONER TUCCI: Okay. Great. Thank you. 23 COMMISSIONER EVANS: It's a compliance 24 violation with the resolution.

That was brought up about

MAYOR SCARPELLI:

25

- the 70 percent of two-bedroom in the mixed use ordinance. And I don't -- I'm not going to -- I'll speak for everybody. You guys can -- none of us are in favor of 70 percent two-bedroom.
- 5 (Simultaneously speaking)

- MAYOR SCARPELLI: None of are in favor of that. And that's one of the -- it's one of the issues that needs to be resolved.
- Tax income from Hoffmann-LaRoche, I don't know if anybody has that off the top of your head.
- COMMISSIONER EVANS: Sure. The -- today, the 2018 tax revenue for all of Hoffmann-LaRoche, which is the existing buildings and the land is \$4.3 million.

 In 2013 when Hoffmann-LaRoche announced that they were closing the property, the revenue at that time was \$10 million.

So the demolition of many buildings on the Nutley side, plus the change in the use of the property under law, we had to adjust the assessed value of the property from \$313 million down to \$126 million, or roughly a \$187 million reduction in a commercial ratable. The loss in revenue was projected to be \$6 million that we, as taxpayers, would have had to absorb.

Recognizing that, we went to the State and

actually wrote modifications to the existing 1 Transitional Aid definition that actually allowed a 2 town like Nutley to be included in the Transitional Aid 3 discussion, because absent the impact at LaRoche, 4 Nutley did not qualify for aid under the state formula 5 because our -- of two things: Our median income of the 6 7 town as well as the assessed values of our property. And, in fact, in the negotiations that I was 8 9 involved with this year, when pushing for aid, I was told that on the list of communities that it was in 10 need of aid, Nutley ranked number 323 on the list. 11 So because of what we did in 2013 to change the 12 Transitional Aid formula to include the departure of a 13 major commercial ratable from the State of New Jersey, 14 15 we qualify for aid on that basis. It had to be 50 percent of commercial ratable and at least 9 percent of 16 our tax levy in order to qualify for aid, and it had to 17 18 leave the state. 19 Hoffmann-LaRoche qualified for that. As a 20 result, we've been able to get state aid -- additional 21 state aid each year. So in 2014 we got \$2.7 million because of the adjustments, in 2015 and '16 we got \$5.5 22 23 million each year, in 2017, we received 24 3.6 million, and for the current year we received 25 4.1 million. So each year that aid money is covering

1 what that loss is on the Town.

We also had the benefit of the new development in town, which, in and of itself, is providing annually \$2.2 million of new ratables. So absent the state aid, absent the new ratables in town, the amount of taxes we would have to consider raising or look at cost avoidance increase would be \$6 million, which we've been avoiding since 2014. And we continue to work through that each year in order to help us get to the point where the conversion of the Hoffmann-LaRoche property from where it is today to what it will become generates the -- some of the tax revenues that we lost so that the taxpayers of Nutley, the residential taxpayers, did not have to absorb those costs.

So it's very complex. There is, to be clear, because -- but in full disclosure, there is a tax appeal that's pending on the property from the developer for years '16, '17 and '18 to try and take the 126 million that it's currently assessed at and lower it, which would increase the shortfall of revenue until it is transitioned.

So the other thing that we face is, just like we looked at with the medical school, in order to allow a medical school to be established on that property, we

negotiated, insisted, that the building be subject to tax;, that the medical school only occupies four floors of the building so that the pilot agreement for it only cover four floors of the building and not the rest of the property; but the pilot agreement itself had to pay 100 percent of the municipal and school tax which is -- which we required.

Pilot agreements normally do not pay school tax because they did not contribute to the schools in any way. In Nutley, we insisted that the taxing agreement include full local taxation. What's more is we insisted full local taxation from a hospital and a university, which historically do not pay any taxes at all. So we have a taxing agreement in place for the medical school for the four floors. The rest of the property, subject to the medical school, is subject to regular taxes like everyone else.

We are in the process of negotiating a pilot agreement on Building 1, which is the building that will be occupied by Ralph Lauren, on the same principle, that they must pay the full extent of the municipal and the school tax. The reason why I'm not saying the county is because, under pilot law, only 5 percent is paid to the county; the rest of it's not paid. So what we are negotiating is the fact that

whatever the taxes are, Nutley gets 100 percent of its share.

Again that same position is the building and the business of Ralph Lauren does not add school children to the school system. Maybe people living in town who work there might, but the building itself doesn't. But we're insisting on full local taxation, and we'll continue to have that posture. The reason for that is we need every penny we can get to reverse the negative effect of the departure of Hoffmann-LaRoche and the demolitions that have occurred on the property.

So I know that's more than what you had asked for, Glenn, but I thought it was valuable to give you that fuller picture.

MAYOR SCARPELLI: Thank you, Commissioner.

The employee handbook, we actually received a draft tonight, along with policies and procedures for supervisors, and that's under review by the Board of Commissioners. And we should be passing a resolution adopting that perhaps at the next meeting.

It was brought up about the Ciccolini
building being a tear-down. I'll let Commissioner
Tucci speak on the condition of the building, but I
think that was in the context of could it be used as a

school building, and so --

18

19

20

21

22

23

24

25

COMMISSIONER TUCCI: Yeah. The Ciccolini is 2 obviously in need of some repairs and was, in fact, in 3 need of some repairs when the Ciccolinis occupied it. 4 There are some leaks on the roof. 5 I do not believe the building is structurally unsound. If it was to be used 6 7 in the present square footage that's there, yes, absolutely, it would need to be -- it would need to be 8 9 improved. A tear-down, that's very subjective, depending on what the use will be moving forward. And 10 that parcel is large enough where, I believe, we can 11 get several different uses that will be beneficial to 12 13 the town.

And, Mayor, if I might, I just want to digress for one minute, just to follow up on what Commissioner Evans was just talking about as far as taxes. And I totally agree with Commissioner Petracco on the school board referendum for that house assessed at \$313,000 that we joke about all the time. I believe the increase --

COMMISSIONER PETRACCO: Three twenty-five.

COMMISSIONER TUCCI: Three twenty-five, I'm sorry. Thank you. I believe that increase would have been about \$394, \$395 for both proposals. For many of us that's not a true figure. I can speak for myself.

All right? I know it would have been at least double that. All right? And that's before you get the normal increases. So my increases moving forward for the next 15, 20 years however -- however long -- excuse me -- however long they went out for those bonds, would have probably been in excess of a \$1,000 a year. Okay?

Do we need to address this space issue? We absolutely need to. And while my baby is now 33 years old, he has two babies and one baby on the way of his own coming into this world, as well as a bunch of other grandchildren that I have, about seven others, all right, who are either going to the pre-kindergarten class or attending regular school here and here in Nutley. And we need to address it.

But just a regurgitation of basically what that last referendum was is not the answer. Okay? I'm going back and I'll speak to the one comment that the other -- Mayor Scarpelli made years ago.

I think we needed to take baby steps. To try and bite off \$70 million dollars in a referendum, all right, with Hoffmann-LaRoche not being fully developed yet, all right, and with a lot of variables still being out there, I'm not so sure it was so realistic.

People in Nutley are very smart. All right?

And people in Nutley like to stay here, but it needs to

be affordable. All right? That was not an affordable option. And I totally agree that we need to address that space issue. We need to correct it. But the options that were presented, all right, again was not the right option.

And as far as collaboration with the Board of Education, all right, we've collaborated on many different things. We're presently in the process of trying to collaborate on DeMuro Park because that track in that entire field, which we co-own with the Board of Education, is in need of an upgrade. And that'll be somewhere north of a half a million dollars, all right, to do that. The Oval is in desperate need of improvement.

And then Mayor Petracco and myself went before the Board of Education and said, let's find a way where you can sign it over to the Township so that we can apply for different types of funding, whether it's Green Acres funding -- whether it's open space funding, whether it's foundation funding -- that they are precluding from for -- to apply for, all right, so that not because we were looking to take ownership of anything; because we want to improve it. It's in the center of our town. It's a centerpiece. All right? It's the first impression many people get of our town.

All right? So we need to do these things. All right?

We had an election yesterday. I'm sure everyone is aware of what the results were, and we have fine people serving. We have three fine people coming into office, all right, and I hope that the influence of the new people, all right, will have an influence on some of the folks who have been there and we can move some of these things forward and we can continue to improve this town.

You didn't elect any of us to sit here and to be quiet and to be conservative to assure reelection at the next cycle. All right? That's not why we're here. We're here to represent you. We're not here to be disrespectful, we're not here to hide anything from you, and we're here to work with everyone we can work with to make this town the best it could be because I don't think any of us here are looking to go anywhere.

So that's my position. And I know many of the commissioners -- not all the commissioners agree with that position, but we need to come up with smarter answers and better options to address the problems that we have. Thank you, Mayor.

MAYOR SCARPELLI: Just on the referendum, no secret I supported the referendum, but that was the only option out there. And so we need to address the

overcrowding issue, and I supported it. I do believe 1 that the people have spoken twice now, so we need a 2 different approach. 3 COMMISSIONER TUCCI: Approach. Absolutely. 4 5 COMMISSIONER EVANS: Yeah. So just since we're all commenting on it, I will. One, just what the 6 7 Mayor said and what everybody has talked about, the public has come forth and said you put this in front of 8 9 us twice. We don't like it. So to try and put in front of them again wouldn't be wise. 10 11 So Einstein said the definition of insanity is doing the same thing over and over again, expecting 12 the outcome to be different. You know, I think twice 13 is enough to know the outcome won't be different. Ιt 14 15 does, to your point, ma'am, is give an opportunity to look at the situation and actually, as Commissioner 16 Petracco said, look at solutions, right? 17 18 Excuse me, Carmen. So the things that I think are important to keep in mind is the notion that 19 the schools are overcrowded, and to suggest that the 20 21 overcrowding is exclusively attributed to new apartments in town I think is misleading. 22 23 I think there's an opportunity now, without 24 the referendum on the table, is actually to do a --

have a thoughtful discussion around what actually is

25

causing the overcrowding in the schools. When you look at the fact that, in 2007, the school system, at least in 2007, changed half-day kindergarten to full-day kindergarten.

Using the same infrastructure, the same classrooms meant there was less classrooms available for other uses because now they were available for kindergarten students all day versus part day, at the request of residents who said, hey, it's a hardship on us to figure out what do I do with my child for half a day. It's very expensive to do that, and we're trying to make a living. So the school system responded to that and went to full-day.

There's nothing that we at the local level will ever be able to do about changing unfunded federal mandates around a range of things including special-needs children. The occupancy of our classrooms for special-needs children is about 17 percent of the population. The classroom that can handle 20 kids, 30 kids, right, which historically, when I was there, handled over 35 kids by federal law can now only have X number of kids in there and needs a teacher and a special-needs teacher. And those numbers are generally less than 10.

So in order to make sure that you're using

classroom space which is commingled -- so sometimes it's separate, sometimes it's together -- right, that we have to figure out that says how do we now figure out how to do something with our infrastructure because the existing infrastructure can no longer stretch to absorb that. And those laws aren't changing.

One that doesn't get addressed enough is the complexity of school curriculum. When I was in school, what we knew of in science about the solar system was that Pluto was a small planet on the end. It was the little one. It was called the junior planet. Today children are learning so much more about science and math, and English has an integrated curriculum that the certification requirements on a teacher and the complexity of curricula has changed that basically says I need smaller classroom size and more contact time as a teacher with those students.

Again, when you have the -- even with the existing population, you're saying, under the same number of classrooms, I want to put fewer kids in each room, which means simply is same population, fewer kids in each room, special-needs limitations. There's not enough classrooms to make the space work. It has to be addressed. The question is how. And I think what we've all learned is that the solution that says

simply, we want to build more bricks-and-mortar to expand the space at the prices that are at a cost today is something that the residents of the township have said no to.

I have raised with the state a question that, given the advancements in technology and child development -- I was Chief Learning Officer for my firm for many years, and I raised the question that says, as an option to what Commissioner Petracco raised that says if we were able to advance the use of technology and use the computer more to help children learn and meet their development requirements, how would we change the use of classroom space?

Would we need, for example, not 20 small classrooms but maybe we might need five larger rooms that are technologically outfitted to address the needs of those students, and do it in a way that's very productive and basically drive to a greater immersive learning.

The State has not considered yet -- State

Board of Education has not considered yet what the

impact is of today's technology on the development of

students, and they are still mandating traditional

classroom structures and infrastructure. So there's a

gap, so -- and so one of the things that we have now as

a town to look at and actually think about is what can be done in the short term so that there might be a better solution coming up in a few years that could help us address the long-term needs of our infrastructure. Because the worst thing that we want to have happen is, 10 years from now, turn the annex building that's being proposed by the school into self-storage. Because technology has advanced and child requirements have changed.

There's so much that's out there around child development and technology that hasn't been explored yet that would create significant changes in educational options that needs to be explored. And I think we have to pursue that very vigorously with the Board of Education as well as with the State Board of Education to advance the proposition of a different solution.

COMMISSIONER PETRACCO: I have to tell you,
Commissioner Evans, I think you're spot on with the
future and, you know, when we take these bonds and when
you talk about technology and how they're going to be
teaching 20 years from now, just like I never thought
there would be online courses for college students.
And, you know, when you approve a referendum, start
changing these buildings around, and you're bonding

that money over 20 years or however long they were going for, 20 years from now -- just like I never thought there would be driver-less cars -- well, guess what, you're talking about truckdrivers being out of work because of that technology.

And I think it's a big investment. I've heard a lot of voices on this. You know, people that could afford to pay their taxes and support the children, and I think having children go through the Nutley school system, I'm very pro-child in education, but if you don't have the money and you're going to be forced to move out of your town, especially your senior citizens here because you can't afford it, you know. And not to -- and I understand your point, and I have kids, but my thing is, you know, up here I think we have to strike a balance where it affects everyone in a positive way, not just that the seniors are getting priced here and not that our kids aren't getting the proper education.

But, Tom, I just want to commend you because I think that the way they're going to be teaching 20 years from now is going to be very different than the way they're teaching today.

MAYOR SCARPELLI: Content of the employee handbook. I just got mine tonight, so I really can't

comment. 1 Mr. Genitempo? MR. GENITEMPO: Mr. Mayor, there's a 2 significant provision regarding conflicts of interest 3 and ethics. There's also a nepotism policy in the 4 5 personnel policy procedure manual, to answer that direct question. 6 7 MAYOR SCARPELLI: Thank you. It was brought 8 up about the affordable housing and --9 MR. GENITEMPO: I can answer that, too, if 10 you want. 11 -- what happens in 2025. MAYOR SCARPELLI: 12 MR. GENITEMPO: I can answer that, Mr. Mayor. Our settlement with COAH will take us to that year. 13 Nobody really knows what's going to happen in 2025, 14 15 what the requirements will be. We still have a need, 16 and according to the law, but we expect the legislature to take action or at least the court at some point. 17 18 we have no idea of knowing what our obligation may be in 2025. There could be no obligation, or it could be 19 We just don't know. 20 an obligation. 21 MAYOR SCARPELLI: And then Ms. Rossi asked about the trucks behind Ciccolini. There are two 22 23 trucks and a food truck that park behind Ciccolini's. 24 They had existing agreements with Mr. Ciccolini that we

have honored, and once there's a disposition of the

```
Ciccolini property, I'm sure they'll be gone.
1
              And the only thing else I want to say is

13
              MAYOR SCARPELLI: I think I answered most of
14
15
    them, though, Amy.
               MS. CELENTO:
                              I understand you consolidated

22
              You didn't do that in advance of this

situation where people are now obligated to watch quite a lengthy video and to try to tie back each question to each answer. So I just want to say that.

and my two questions, which I feel were not answered, is regarding the Meka investigation. I specifically asked about our Town Prosecutor's involvement because there are violations to statutes. I understand that in the addition of 18 basement apartments at the East Centre Street property, that it's been previously mentioned by Commissioner Evans that there were permits issued in terms of the apartments that supposedly were converted after the fact according to what Pat Intindola said at the February joint meeting between all of the aforementioned boards that I've mentioned already.

He said, oh, those must have been converted after certificates of occupancy were issued. He said that to me. I was sitting right behind him. He turned and asked me what buildings I was talking about. I can't verify if those apartments were converted into two-bedroom. All I know is that I toured those apartments and they sure as heck didn't look converted. They looked to be built to specifications. Either way, the developer broke the law on multiple apartments, and he is subject to fines. Any of us who break the law

1 are issued summonses. We might be arrested. We are given our day in court. 2 So I am asking why, for those specific 3 apartments, there have been no charges filed through 4 5 our municipality's prosecutor's office. I asked that question and I would like an answer. 6 7 MAYOR SCARPELLI: (Indiscernible). 8 MS. CELENTO: That's my first question that 9 wasn't answered. May I address that 10 COMMISSIONER EVANS: 11 briefly? 12 MAYOR SCARPELLI: Sure, Commissioner. COMMISSIONER EVANS: 13 I did -- I had just to just answered with counsel. 14 15 MS. CELENTO: I'm sorry, I can't hear you. COMMISSIONER EVANS: 16 I just had to ask counsel a question before --17 18 MS. CELENTO: Oh, okay. COMMISSIONER EVANS: -- I answered your --19 tried to answer your question, to the extent that I'm 20 21 able to answer it, okay, because I'm being guided by 22 legal counsel as to what I can say. 23 I have talked about this at previous meetings 24 regarding the conversion of an apartment that had --25 was supposed to have one bedroom versus two.

Specifically to your question, when that occurs, the violation, the nature of that permit violation, because that's what it is, it's a permit violation, and the permit said one bedroom, they put in two.

Those specific violations are actually covered under the Uniform Construction Code violation section.

MS. CELENTO: Yes.

COMMISSIONER EVANS: Those violation notices are issued through that construction office, and in the event the person does not correct the violation, a summons would be issued and then they would have to go before the Municipal Court, which would involve the court system and the Prosecutor.

So as Mr. Genitempo said tonight, a letter was issued to the to the owner, which included all of the violations and the things that have to be addressed. We're waiting for his attorney to respond to what action he's going to take. All right? We are not asking for what would be the traditional fine under the Uniform Construction Code. A permit violation under the Uniform Construction Code simply says that for each violation, the fine is \$2,000.

MS. CELENTO: Per day?

COMMISSIONER EVANS: No, that's not the

```
1
    construction code.
              MS. CELENTO: Okay. 've actually read that,
2
    and I will ask that that be published or provided.
3
              COMMISSIONER EVANS:
                                    It's the -- in our --
4
5
    it's actually --
              MS. CELENTO:
                             If it's truly separate, if
6
7
    construction code is truly separate --
8
              COMMISSIONER EVANS:
                                    Absolutely.
9
              MS. CELENTO: -- from the statute that
    addresses a violation.
10
11
              COMMISSIONER EVANS:
                                    You're referring to two
12
    things, and I want to clarify that.
                                          The Uniform
    Construction Code has provisions in it, and it's the
13
    State Uniform Construction Code which is followed.
14
15
    What you're referring to is a local zoning ordinance
    which includes a violation which could become a daily
16
    violation.
17
18
              MS. CELENTO:
                             Okay.
                                    So why wouldn't a local
    ordinance be applied in --
19
20
              COMMISSIONER EVANS:
                                    So I'm answering --
21
              MS. CELENTO: -- the municipality?
22
              COMMISSIONER EVANS:
                                    Your question is a
23
    letter has been issued to the owner of that property
24
    listing all of those violations, and there is going to
    be a sit-down to address that, and there will be a
25
```

discussion of a course of action once his attorney 1 responds to us as to his response to the violations. 2 MS. CELENTO: Okay. So I appreciate that and 3 I understand you don't want a back-and-forth, but I 4 5 will say this. We were told in June that a letter had been issued. 6 7 MR. GENITEMPO: Let me answer your question. 8 MS. CELENTO: No, I'm sorry. It is November. 9 MR. GENITEMPO: But I want to answer your Okay? Your question presupposes that these 10 11 are criminal violations. They're not. They're 12 violations --They're violations. 13 MS. CELENTO: MR. GENITEMPO: Let me finish. The -- there 14 15 were violations issued regarding the two-bedrooms that were converted originally. Those issue -- those summon 16 -- those violation notices were submitted. Because this 17 18 is a much bigger issue than a normal zoning violation, you know, most of the time it's -- we find out an 19 20 apartment in the basement or something and we issue it. 21 MS. CELENTO: Right. 22 MR. GENITEMPO: It ends up at the Municipal 23 Court and it's resolved by way of compliance. Okay? 24 So in effect we're really doing the same thing but on a

much larger scale. I don't want to get into the

- details because I've had private conversations with 1 you, Ms. Celento, on it and I've tried to answer your 2 questions as best I can. But it is a potential 3 litigation matter, and whether it ends up in court or 4 in a resolution, trust me, we are handling it in a very 5 serious manner. The conversion of the twos back to 6 7 ones will be required and they've already started. And so, you know, it's not a normal case, and therefore 8 9 it's not -- it's being handled like it but on a much 10 larger scale. 11 MS. CELENTO: Okay. So I just want it be clear, 12 MR. GENITEMPO: and I didn't say you that you were saying it, but I 13 think there's an implication that somehow this is a 14 15 criminal matter and it's not. It's a -- it could be a violation of the Uniform Construction Code of our 16 Township ordinance that we are enforcing. 17 18 MS. CELENTO: Okay. 19 MR. GENITEMPO: And I think if ultimately it gets resolved, everyone will have an opportunity to 20
 - MS. CELENTO: And I appreciate this.

comment on it, but that's what we're trying to do.

21

22

23

It's not going to not be addressed. It's going to be addressed very seriously, and we're trying to do that.

MR. GENITEMPO: So it's not being hidden.

- 1 But there are due-process issues that we are trying to comply with. 2 MS. CELENTO: And I understand, and I'm not 3 implying it's being hidden. And when you say that 4 5 you've had private conversations with me, we have. However, you're implying that you've told me something 6 7 that I'm not either believing --8 MR. GENITEMPO: I'm not implying --9 MR. CELENTO: -- or that I'm asking about. 10 So I want to say this. 11 MR. GENITEMPO: I'm not implying that all. I'm just trying to say that we've had conversations. 12 13 MS. CELENTO: We have, and thank you because I ask about it regularly, yes. 14
 - MR. GENITEMPO: I know, and I appreciate that. And we know that you're the ones that helps us find out about it, and I appreciate that. And I'm just trying to be -- at least have a dialogue with you and explain what's happening --
- MS. CELENTO: Right.

15

16

17

18

- MR. GENITEMPO: -- to the best -- look, I'm
 the Township Attorney. I have obligations to my
 commissioners and to the Town regarding these legal
 matters. I'm not going to --
- 25 MS. CELENTO: And to the citizens.

MR. GENITEMPO: -- just tell people because 1 they want to hear the answer. I need to handle it in 2 3 the proper way. MS. CELENTO: And I understand that. 4 MR. GENITEMPO: And I will continue to do 5 6 that, but I just want it to be clear. And I'm not 7 saying that you said. I'm just saying there is maybe an implication that it's criminal and it's not. 8 9 MS. CELENTO: Okay. MR. GENITEMPO: And we will address it, I 10 11 promise you. And I appreciate that. 12 MS. CELENTO: So we are in the sixth month since the first letter was sent 13 to the developer. 14 15 MR. GENITEMPO: But, Ms. Celento, does it 16 matter, as long as as we get it right? 17 MS. CELENTO: Okay. 18 MR. GENITEMPO: Did you want us to do a 19 haphazard investigation? 20 MS. CELENTO: I'm not sure if it matters. 21 MR. GENITEMPO: We're trying to get to the 22 very bottom of it so we can fix it permanently. 23 MS. CELENTO: Okay. Thank you. 24 MR. GENITEMPO: And I don't think time is a function here. 25

100

1 MS. CELENTO: Okay. MR. GENITMEPO: It's doing it right is the 2 most important thing, and that's what we're trying to 3 4 do. 5 MS. CELENTO: Okay. And I appreciate being corrected in terms of that it's a construction code 6 versus a local zoning ordinance. Thank you very much. 7 I stand corrected. Since they've already started 8 9 converting the apartments back, are there construction permits that have been issued? 10 11 MR. GENITEMPO: Yes. They have to come in 12 and they have to provide drawings of what --13 MS. CELENTO: But have they been issued? MR. GENITEMPO: One so far has been issued. 14 15 MS. CELENTO: Okay. Thank you. MR. GENITEMPO: 16 I believe another one's coming online, but --17 18 MS. CELENTO: So they're in the process, and they ostensibly have removed their tenants, so they're 19 -- they've lost some revenue, which I consider probably 20 21 just about one of the only fines we've extracted to 22 date because of the process. And I'm just going to say that because the citizens have been cheated. 23 24 Additionally --Ms. Celento? 25 MAYOR SCARPELLI:

1	MS. CELENTO: Yes?
2	MAYOR SCARPELLI: Public comment's over. I
3	allowed you
4	MS. CELENTO: Okay. But you had you
5	didn't answer my question about the Ciccolini building.
6	Topology was hired I believe about two years ago, and
7	it was mentioned tonight that when you get the report.
8	Now, in terms of hiring consultants, vendors, et
9	cetera, there needs to be a timeline, a start and an
10	end date. A specific contract for a report needs to
11	have a delivery date, and it's shocking that there has
12	been no delivery date for that report.
13	MAYOR SCARPELLI: Ms. Celento, the only thing
14	that I can say that is there was litigation pending and
15	it's still not been resolved.
16	MS. CELENTO: About wait, about the
17	Ciccolini building?
18	MAYOR SCARPELLI: So let me finish.
19	MS. CELENTO: Oh, I'm sorry.
20	MAYOR SCARPELLI: There's pending
21	MS. CELENTO: I'm asking you was it pending
22	about the Ciccolini building.
23	MAYOR SCARPELLI: There's pending litigation
24	that prevented that from going forward, and now I'm
25	going to leave it at that.

MS. CELENTO: Okay. So that litigation has been completed?

MAYOR SCARPELLI: Not yet.

MS. CELENTO: Okay. So I appreciate being given the opportunity to ask questions or to confirm that I felt two questions weren't answered. I want to say this. I leave you all with a question: Who do you consider to be the Town's shareholders? And I'm not asking you to answer that now. I understand the open public comment section is closed. But it was mentioned tonight by Ms. Bozza that it seems like sometimes there's not a clarity that the taxpayers, the people who own property in Nutley, are shareholders.

And if you were a public corporation, you would be expected to deliver a return on investment. I'm not saying that none of you are making that effort. I'm just saying that it seems like sometimes the developers become the shareholders even when they don't live in Nutley. Yes, they've bought property and they're developing it. For many years Hoffman-LaRoche drove the town, and we were just grateful that they paid their \$10 million. We gave them all sorts of tax breaks. They never let up on the tax breaks they looked for. They negotiated long-term tax breaks, and then they left. And instead of delivering on what they

	103
1	agreed to for those long-term tax breaks, they tore
2	buildings down.
3	So we cannot be at the mercy of developers,
4	in my opinion. Thank you very much.
5	MAYOR SCARPELLI: Thank you. Motion to
6	adjourn?
7	COMMISSIONER TUCCI: So moved.
8	COMMISSIONER EVANS: Second.
9	THE CLERK: Commissioner Tucci?
LO	COMMISSIONER TUCCI: Aye. I didn't hear her.
11	THE CLERK: Commissioner Evans?
12	COMMISSIONER EVANS: Aye.
13	THE CLERK: Commissioner Petracco?
L 4	COMMISSIONER PETRACCO: Aye.
15	THE CLERK: Mayor Scarpelli?
16	MAYOR SCARPELLI: Aye.
17	THE CLERK: And the time is 10:15.
