CONTEMPORARY DANCE

Contemporary Dance (boys & girls ages 6 - 8) This 6 week class will utilize elements from classical, modern and jazz -- any type of music can be used. As a result, your child will get to explore various musical genres allowing them to uniquely express themselves while they dance. Contemporary dance gives the dancer freedom to move at their own pace. There is no wrong or right way to dance in this style.

This class will help the dancer improve flexibility and build muscle strength. Studies show that children who take regular dance classes can help them to reduce stress and tension in both mind and body.
