Education Through Dance

Kinderdance® (boys & girls ages 3 - 6) is a developmental dance, motor skill, music, and fitness program. Parents enjoy signing their child up for our enrichment program that teaches the basics of Ballet, Tap, Acrobatics and Creative Movement, all while incorporating educational concepts. Children dance to original and familiar child friendly music while learning from Kinderdance® certified teachers/instructors.

The program provides children with the potential to be creative, express themselves through movement while building strong muscles and social skills. Our age appropriate educational concepts reinforce what children are learning at home and in school, which builds self-confidence and self-esteem, making for very happy children.
